**SCREEN SHOTS OF USER INTERFACES**

E-governance is the application of information and communication technologies to transform efficacy, transparency and accountability of the organization

Institute has adopted a policy of paperless work which helps in green initiative, saves time and is effective in conducting important work in running of the institution.

Various software's have been employed to implement e-governance in the following areas of operation

- Planning and development
- Administration
- Finance and accounts
- Student admission and support
- Examination
