Dayananda Sagar College of Dental Sciences along with JeevaRaksha (RGUHS JeevaRaksha Trust) conducted basic emergency care and life support (BCLS) program on 03/09/2024 (Tuesday) and 04/09/2024 (Wednesday) from 8.30am to 4.30pm at lecture hall 1 for the Interns /Postgraduates to make them trainers for BCLS.

The program was conducted by Basic life support training committee and team JeevaRaksha (RGUHS JeevaRaksha Trust)

PRINCIPAL

Dayananda Sagar College of Dental Sciences
Kumaraswamy Layout,
Bangalore - 560 078.

The program was attended by 60 participants. Dr Hemanth addressed the gathering. The program began with the introductory talk by Dr.Shobha ES and followed by other team members.

The training course aims to provide knowledge, attitude, and skills in handling emergency situations, hence saving lives of those endangered, not only at the facility level, but also in the participant's respective residences as well. The trained personnel and community members will automatically serve as first responders to administer BLS Care until a more advanced medical care is made available.

The participants were divided into multiple teams and teams had both theory and practical sessions on Pediatric and adult mannequins. Emergency management for foreign body removal for infants, children and adults, burns, snake bites etc were addressed.. A pre-test was given in the first day and post-test was given in the final day and the results had improved in the post test. This signifies significant learning, knowledge and comprehension from participants of the said training. 100% passed the skills tests in demonstrations that cover CPR for infant and adult mannequins.

Evaluation tool is rated from 1-5; 1 strongly disagree, 2 disagree, 3 neither, 4 agree, 5 strongly agree. Generally, participants agreed that preparation was given enough time, content and delivery were sufficient and speakers were knowledgeable enough.

Feedback was obtained from the participants and they assured that they shall utilize the skill gained whenever and wherever needed in the clinical setting and they also addressed that the programme was highly beneficial to the participants.

Bangalore - 560 078.

The training course aims to provide knowledge, attitude, and skills in handling emergency situations, hence saving lives of those endangered, not only at the facility level, but also in the participants respective residences as well. The trained personnel and community members will automatically serve as first responders to administer BLS Care until a more advanced medical care is made available.

The participants were divided into multiple teams and teams had both theory and practical sessions on Pediatric and adult mannequins. Emergency management for foreign body removal for infants, children and adults, burns, snake bites etc were addressed.. A pre-test was given in the first day and post-test was given in the final day and the results had improved in the post test. This signifies significant learning, knowledge and comprehension from participants of the said training. 100% passed the skills tests in demonstrations that cover CPR for infant and adult mannequins.

Evaluation tool is rated from 1-5; 1 strongly disagree, 2 disagree, 3 neither, 4 agree, 5 strongly agree. Generally, participants agreed that preparation was given enough time, content and delivery were sufficient and speakers were knowledgeable enough.

Feedback was obtained from the participants and they assured that they shall utilize the skill gained whenever and wherever needed in the clinical setting and they also addressed that the programme was highly beneficial to the participants.

The aim of this workshop was to provide insights in the innovation in Laser dentistry and use of Blue laser wavelength. Hence the departments of Oral Medicine-Radiology and Periodontology of our institution organized a lecture and Hands-on workshop in association with NOVOLASE technologies India. Group Pharmaceuticals Ltd was the principal collaborator of this workshop. The workshop being held on 26th June 2023 with the Guest Speaker Dr Chandrashekar Yavagal.

Chief guests of the program were Dr Ranganath V, Principal of AECS Maruti dental college and Dr Sachin Mangalekar, CEO Novolase. Other invited dignitaries were Dr Girish Giraddi, Dr Shivaprasad and few others. After a warm welcome to all the dignitaries, the guest speaker was introduced by Dr Sravani K (Faculty). The speaker delivered a sensational talk on Blue Laser wavelength, Red and Infrared lasers and its applications in the various fields of dentistry. The lecture was followed by a brief inauguration ceremony with the invited guests. Further, the first launch of the 'Blue laser' unit from Novolase was done by the dignitaries on the dais.

The live demonstration and workshop were carried out in the Dept of Oral and Maxillofacial surgery. The speaker demonstrated a case of Temporomandibular joint disorder with clicking, on a patient using a combination of Blue wavelength and infrared rays. Later management of Bruxism induced dentine hypersensitivity case was shown with the use of Blue wavelength. Post lunch the demonstration of the utility of the Novolase Unit was shown. The delegates underwent hands-on course on the disinfection of root canal, placement of incisions and tooth whitening. An interactive session was also held by the speaker where a discussion was held with the delegates. Lastly feedback was taken through Google forms.

Dr. Amruta Dash (Perio)
Workshop Faculty

Dr Amruta Dash specializes in Periodontology and Implantology. She has graduated with the bachelor's degree in dental surgery from Meenakshi Ammal dental college and completed her post-graduation in periodontology and implantology from the reputed Sri Ramachandra dental college, Chennai. She is also a member of the European Federation of Periodontology and the Indian Society of Periodontology. She has also received her fellowship degree in oral implantology (FICOI) from the international congress of oral implantology (USA). She is one of the very few implantologists to have received the Diplomate from the ICOI(USA). She keeps updating her knowledge and skills, in the field of implant and laser dentistry and has also attended various courses held by the ICOI at Singapore and by the European federation held in London. She believes that restoring periodontal health requires a perfect amalgamation of conventional perio practice and incorporation of recent advancements like dental implants and laser dentistry.

The department of Periodontology of DSCDS institution organized a CDE and Hands-on workshop in association with Geistlich, India on 11th June 2024. The aim of this workshop was to provide insights in the innovation in Regenerative materials and techniques for bone augmentation. The participants for this program were the post graduate students, faculty members, private practitioners and interns of other dental colleges of Bangalore and the host college.

A warm welcome was extended to all delegates by Dr V. Pranavi followed by introduction of the guest speaker, Dr Amruta. A powerful and skill based presentation was given by the speaker on various regenerative materials, techniques and their applications in various periodontal and implant surgical procedures, also aiding to choose appropriate techniques with materials. In conjunction with the lecture, a brief inauguration ceremony was held with the invited guests. To invoke the blessing from the Almighty, Dr Tanushri, intern sang invocation song. Dr Archana Naik Reader, welcomed the dignitaries and the Guest speaker and all the delegates. Dr Amrutha was welcomed. Dr Savita AM, also addressed the gathering. A plaque was handed over to the speaker as token of appreciation.

The workshop was carried out in the designated six stations in the practical hall. Firstly, the demonstration was shown on silicon model using an ice-cream cone technique and sandwich technique of socket preservation. Later different incisions and guided bone regeneration techniques for ridge augmentation was shown on goat jaws. The delegates practiced the various techniques including suturing methods. All the armamentarium and the necessary materials were provided to the delegates by the department with the support of the Geistlich company. An interactive session was also held by the speaker with the delegates. In the end certificates were distributed to the participants of the workshop. After having a good lunch, a group photo was also taken. Lastly feedback was taken through Googleforms.

Respected Sir,

With regard to the above subject, I am happy to inform you that our students are finding the anatomy theory classes and dissection Practicals at CDSIMER very helpful and informative. The excellent facilities at CDSIMER have proven to be very beneficial to them in the previous academic year. I'm happy to say that we have a fresh batch of BDS students in attendance now and we would like them to continue their Anatomy, Physiology & Biochemistry classes at CDSIMER as they did last year. Dr. Prashanth Sir & Dr. Martin Sir have also been informed about the same, Sir. As it is already late, we would like to **start the classes for I BDS for the academic year 2023-24 from 21/11/2023.**

This is for your kind information.

Sir. I request you to oblige & kindly do the needful.

Thanking you

Yours sincerely
