HIV CASE REPORT (Peri-operative management)

On 4/6/24 a patient named Suparna Ashwin, with OP number – 2306160004 came to the Department of Oral and Maxillofacial Surgery, Dayananda Sagar College of Dental Sciences, with a chief complaint of pain in the lower left and right back tooth region since 2 months.

Patient was apparently okay before 2 months after which she developed pain in the lower left and right tooth regions. The pain was continuous in nature and aggravated on chewing food.

Patient gave an alleged history of having contracted HIV Infection 2 years ago. Patient is under medication for the same.

Treatment done:

On 18/6/24 the patient came to the clinic for dental extraction.

Strict infection control protocols were followed. These included the surgeon wearing disposable gowns, head caps, eye masks, face shields, surgical mouth masks, and double surgical gloves. Instruments were autoclaved, and the dental chair was disinfected. The patient rinsed with an antimicrobial mouthwash before the procedure and was draped with disposable drapes.

Local anaesthesia (Lignocaine 1:80,000 with Adrenaline) was administered and the teeth were extracted with minimal trauma using periosteal elevators and regular extraction forceps. Efficient haemostasis was ensured. Sterile gauze was placed over the extraction site and the patient was asked to bite down gently to control bleeding.

Patient was prescribed analgesics. Post extraction instructions were given to the patient. Patient was requested to throw the blood soaked gauze in biohazard waste container.

All used PPE and disposable items were properly discarded in a red colour waste disposal double bag. The bag was kept inside a cardboard box which was labelled as "HIV INFECTED BIOHAZARD".

The dental instruments used for the case were thoroughly to remove blood, saliva, debris. They were later soaked in a 1:10 diluted solution of sodium hypochlorite for 30 minutes. After soaking, the instruments were rinsed with sterile or distilled water to remove any residual bleach. Later, the instruments were sterilised in an ultrasonic cleaner. Afterwards, instruments were dried and packed in steri-packs and autoclaved.

WORLD ENVIRONMENT DAY CELEBRATION REPORT

(05.06.2024)

The **World Environment Day** celebration was conducted by the NSS unit and Rotaract Club of Dayananda Sagar College of Dental Sciences on **5th June'24 (Tuesday)** focusing on the theme "**Land restoration, Desertification, and Drought resilience**". On the morning of 05.06.24 at 9:00 am, about 40 interns and students gathered at Banashankari TTMC to spread awareness about the environmental issues and encouraging actions to protect the planet. A short flashmob was organized by the students and slogans were displayed to raise awareness, educate, and inspire people to conserve the environment and switch to sustainable living. A speech was delivered by an intern in the local language helping to connect with people on a deeper level and make a significant impact. The program had a significant impact, drawing enthusiastic participation from the community gathered at the bus stop for the celebration.

Continuing the program later in the day with **tree sapling plantation** by Vice Principal, Dr. Avinash J, Associate Dean - Administration, Dr Ramnarayan B K, UG Dean, Dr Krishnanand PS, NSS Officer and Rotaract Coordinator Dr. Nayana and the Rotaract and NSS volunteers at the Dayananda Sagar college campus adds another layer of significance and impact to the event.

WORLD AIDS DAY – 1ST DECEMBER 2023

Every year on December 1st, the world observes World AIDS Day, which raises awareness about HIV/AIDS around the world. The theme of World AIDS Day 2023 is "Let Communities Lead," emphasising that programmes and initiatives work better when led by the most impacted communities. On World AIDS Day, NSS Volunteers, DSCDS held an awareness campaign in and around Dayananda Sagar Institutions. Around 350 red ribbons were distributed in the dental college and around 200 diploma polytechnic students were given health talk on AIDS awareness by NSS volunteer Dr. Andrea Fonseca. Banners, posters, leaflets and health talks were used to raise awareness among students at Dayananda Sagar Institutions and the general population around the campus.

ORAL HYGIENE DAY 2023

Oral Hygiene Day was introduced to commemorate the birth anniversary of the doyen of Indian Periodontics, Dr G B Shankwalkar. It is celebrated on the 1st of August every year to spread oral health awareness and prevent periodontal problems.

Dental health care is one of the most neglected among many. While its importance is often underestimated, the need for regular dental care cannot be overstated. However, the lack of information on dental health awareness, attitude, oral health-related habits and behavior among the low-income population prompted us to make them aware of the oral hygiene practices. A dental health awareness session was conducted for all the attenders, housekeeping staff and gardeners of dayananda sagar institutions on 1st august 2023 at seminar hall, heritage building. A total of 135 participants were present and all were given a demonstration of oral hygiene practices and the importance of inter dental brushing and flossing were explained to them. Dr Archana Madhu Naik, Reader, Department of Periodontology, explained different aspects of oral diseases and its importance and the impact of oral diseases on overall health was conveyed. Dr Koduru Sravani Pradeep Kodur presented a talk on "biomedical waste management and segregation". A strong message on the importance of waste segregation was given to everyone.

The programme was graced by Dr Hemanth Madaiah, Principal, and Dr Savita AM, head and associate dean-pg, department of periodontology. We thank our beloved principal Dr Hemanth M for his encouragement and his mention about the consideration to provide maximum concession for the basic treatment needs. At the end of the session oral hygiene samples and aids sponsored from group pharmaceuticals and icpa were distributed to all participants. Queries of the participants were also addressed. The audience thoroughly enjoyed the entire program and good feedback was given. A day well spent for department of periodontology.

Kumaraswamy Layout,
Bangalore - 560 078.

The program was attended by 60 participants. Dr Hemanth addressed the gathering. The program began with the introductory talk by Dr.Shobha ES and followed by other team members.

The training course aims to provide knowledge, attitude, and skills in handling emergency situations, hence saving lives of those endangered, not only at the facility level, but also in the participant's respective residences as well. The trained personnel and community members will automatically serve as first responders to administer BLS Care until a more advanced medical care is made available.

The participants were divided into multiple teams and teams had both theory and practical sessions on Pediatric and adult mannequins. Emergency management for foreign body removal for infants, children and adults, burns, snake bites etc were addressed.. A pre-test was given in the first day and post-test was given in the final day and the results had improved in the post test. This signifies significant learning, knowledge and comprehension from participants of the said training. 100% passed the skills tests in demonstrations that cover CPR for infant and adult mannequins.

Evaluation tool is rated from 1-5; 1 strongly disagree, 2 disagree, 3 neither, 4 agree, 5 strongly agree. Generally, participants agreed that preparation was given enough time, content and delivery were sufficient and speakers were knowledgeable enough.

Feedback was obtained from the participants and they assured that they shall utilize the skill gained whenever and wherever needed in the clinical setting and they also addressed that the programme was highly beneficial to the participants.

Program from Career guidance & Placement Committee

Dr. Kavita Kulkarni Bio:

Dr. Kavita Kulkarni received her Bachelor of Dental Science (BDS) degree from ABSM College of Dentistry (batch of 1989). She then worked as a lecturer at RV Dental college in Bangalore. She continued her education at the New York University (NYU) School of Dentistry to obtain a DDS degree. At NYU she received the prestigious Irwin R. Thal award for her excellence in clinical dentistry. Dr. Kulkarni also taught at NYU's dental assistant program.

In the US, she has worked in a variety of dental environments. She worked in a large corporate dental organization, set up a mobile dental unit for old age homes, and for the past 15 years, Dr. Kulkarni has been running "Smile-ist", her own dental practice out of two locations in Arizona. She recently transitioned one of the offices to a younger Dr and is now developing her second practice with a focus on geriatric dental care.

She is a member of the American Dental Association (ADA), the American Association of Women Dentists (AAWD), and is also active in the local chapter of the Arizona Dental Association (AZDA). In addition, Dr. Kulkarni is active in supporting the Arizona Indian community and has held many leadership positions in both India association and Kannada Sangha of Arizona.

Dr. Kulkarni is married and has two sons. In her free time, she likes to hike, dance, participate in dramas, travel, and cook.

Dear Principal,

We are delighted to announce a collaboration between Prameya Foundation and the Bangalore Society of Oral Pathologists for Oral Cancer. This collaboration aims to deliver the Integrated Supportive Care in Cancer-Certification Program to dental students across Bangalore.

As part of this initiative, we are reaching out to Dayananda Sagar College of Dental Sciences to allow us to orient students about the program's offerings. We kindly request your assistance in scheduling an orientation session for interested students.

Ideally, we would like to conduct this orientation within the month of February to facilitate a program start date in mid-March 2024. Once we receive your confirmation on a suitable date and time, we will immediately follow up with specific details for the session.

We believe this program will equip future dental professionals with valuable knowledge and skills to comprehensively support their patients facing cancer. We are confident that collaboration will be instrumental in achieving this objective.

Attached below are the details of the program. Thank you for your time and consideration. We look forward to hearing from you soon and working together to make this program a success.

Thank you

Regards

Dr. Inara Isani

WORLD AIDS DAY – 1ST DECEMBER 2023

Every year on December 1st, the world observes World AIDS Day, which raises awareness about HIV/AIDS around the world. The theme of World AIDS Day 2023 is "Let Communities Lead," emphasising that programmes and initiatives work better when led by the most impacted communities. On World AIDS Day, NSS Volunteers, DSCDS held an awareness campaign in and around Dayanand Sagar Institutions. Around 350 red ribbons were distributed in the dental college and around 200 diploma polytechnic students were given health talk on AIDS awareness by NSS volunteer Dr. Andrea Fonseca. Banners, posters, leaflets and health talks were used to raise awareness among students at Dayananda Sagar Institutions and the general population around the campus.

Institutional Best Practices

Title of the Practice: Digitalization of the Institution

Objectives:

1. To Reduce the carbon footprint and go paperless
2. Digital Maintenance of patient records
3. Simple and easy inventory management of library and e-books
4. Easy access to all library books and Journals
5. Introduce latest software to students for improved diagnosis and treatment planning.

Context:

1. Designing the case history record for the students was a challenging task as each department followed a different case history format.
2. Making the software user friendly and also accessible via the mobile phones was difficult.
3. Making a comprehensive cost and treatment charges according to the different procedures, departments and students and staff were challenging.

The Practice:

Dayananda Sagar College of Dental Sciences is progressively making efforts to reduce its carbon foot print by making many changes within the college day to day activities. To maintain patient records in a paper less form, the college has introduced a patient management software, Dental Management System DMS - a comprehensive tool to record the complete patient history, diagnosis, treatment notes, treatment done, payments as well as patient recall dates which was developed based on the inputs of all the staff. The college radiology section is now completely digitalized.

All the x-rays taken are available on a server which is connected to all departments through a network LAN connection. Using software these radiographs can be viewed in any department easily and can be also stored for future research.

The college central library uses the Libsoft, a library inventory management software which is provided to staff and students of the college. They can access and download material from this software using the college IP address. The e-software contains 4214 books, 330 e-journals from 10 Journal titles, 550 e-books and 1260 bound volumes of journals for easy access to staff and students. E-copies of Student dissertations as well as previous year question papers are available too. The library also has direct access to numerous e-journals and also through Rajiv Gandhi University of Health Sciences operated Helinet software.

The Department of Orthodontics uses the Nemoceph software which is the most complete and the best orthodontic tool for diagnosis, treatment planning and case presentation. The cephalometric tracing and growth prediction areas are automatically drawn from the software once the required documents of the patient are added on to it.

Evidence of success:

Case history record, diagnosis and X rays done in the department of Oral medicine and radiology are easily accessible to all the departments. Nemoceph software has made diagnosis easy and more efficient. The students and faculty are able to easily access numerous books and e journals through the Libsoft software.
