Attn. HOD

Dear Sir,

Sub: **Request for an awareness programme on Dental Health and Hygiene**

YWCA of Bangalore City is a not for profit Organization working for empowerment of women and children. We have several projects for the marginalized communities in different urban settings.

YWCA Kannada Lower Primary School located at 3rd cross, off lalbagh Road, Khader Sherrif Garden, Bangalore 560 027 is one of our oldest projects. There are 35 children studying from 1st std to 5th std. Its a Kannada medium school. Most of the children are first generation learners.

We have planned **Summer camp** in the school from 27th to 31st March 2023.

As part of the camp, we request you to kindly send us two senior students who can conduct an awareness session on **Dental Health and Hygiene.** We appreciate it if the students can have an interactive session through demonstration and presentation of relevant pictures to make it interesting and comprehensible to the children and talk to them preferably in Kannada or Tamil.

Slot available: Thursday 30th March from 1 p.m. to 2:30 p.m.

Request you to kindly confirm from your end.

Dear Dr. Savitha

Greetings from Nightingales Medical Trust.

We are pleased to block Monday, 20th March 2023 for the Dental Camp being Oral Health Day. However, the timings mentioned by you are 10am to 2pm. We are wondering if you can screen 100 elders in the stipulated time? Hope you can extend the time till we complete the screening. You had also mentioned about doing the filling and minor procedures for our elders too. Kindly confirm. We will arrange tea and lunch for 15 Doctors and 5 Auxiliary staff from our side. Technically, as requested by you, we will give you 2 power sources of 15 amp. Do let us know if you require anything else to be arranged from our end.

Thankyou.

ವಿಷಯ: ದಿನಾಂಕ: 05-03-2023 ರಂದು ಮಾಗಡಿ ತಾಲ್ಲೂಕು ಕುದೂರು ಗ್ರಾಮದಲ್ಲಿ ತಮ್ಮ ಕಾಲೇಜು ವತಿಯಿಂದ ಉಚಿತ ದಂತ ಚಿಕಿತ್ಸೆ ಶಿಬಿರವನ್ನು ನಡೆಸಿಕೊಡುವ ಬಗ್ಗೆ.

****

ಮೇಲ್ಕಂಡ ವಿಷಯಕ್ಕೆ ಸಂಬಂದಿಸಿದಂತೆ ಕುದೂರಿನ ಸುತ್ತ ಮುತ್ತಲಿನ ಸಾರ್ವಜನಿಕರಿಗೆ ದಂತ ಚಿಕಿತ್ಸೆ ಅವಶ್ಯಕತೆ ಇರುವುದರಿಂದ ತಾವುಗಳು ದಯಾಮಾಡಿ ತಮ್ಮ ಡೆಂಟಲ್ ಕಾಲೇಜಿನ ಸಹಯೋಗದೊಂದಿಗೆ ದಿನಾಂಕ: 05-03-2023 ರಂದು ಕುದೂರಿನಲ್ಲಿ ಒಂದು ಉಚಿತ ದಂತಚಿಕಿತ್ಸೆ ಶಿಬಿರವನ್ನು ಆಯೋಜಿಸಿಕೊಡಬೇಕೆಂದು ಈ ಮೂಲಕ ತಮ್ಮಲ್ಲಿ ಕಳಕಳಿಯಿಂದ ಕೇಳಿಕೊಳ್ಳುತ್ತೇವೆ.

ಈ ಶಿಬಿರವನ್ನು ಆಯೋಜಿಸುವುದರಿಂದ ಕುದೂರಿನ ಸುತ್ತ ಮುತ್ತಲಿನ ಬಡ ರೈತಾಪಿ ವರ್ಗಗಳಿಗೆ ಪ್ರಯೋಜನವಾಗಲಿದ್ದು, ಅದ್ದರಿಂದ ದಯಾಮಾಡಿ ನಮಗೆ ಉಚಿತ ದಂತ ಚಿಕಿತ್ಸೆ ಶಿಬಿರವನ್ನು ನಡೆಸಿಕೊಡಬೇಕೆಂದು ತಮ್ಮಲ್ಲಿ ಮತ್ತೋಮ್ಮೆ ಕಳಕಳಿಯಿಂದ ಕೇಳಿಕೊಳ್ಳುತ್ತೇವೆ.

Respected sir

SUB: Request for organizing Free Dental Camp at N. S. S Special Camp – Reg.

NSS is a noble experiment in academic expansion. It inculcates the spirit of voluntary work among the students and teacher through sustained community interaction. It brings academic institutions closer to society.

The Kammavari Sangham School of Engineering and Management (KSSEM) has been successfully involved in the NSS activity every year. In this regard this year we have identified **Virupakshipura,** Virupakshapura hobli, Channapatna taluk, Ramanagara district for **NSS Camp which would spread over a period of seven days from 23-02-2024 to 29-03-2024.** The purpose is to create awareness about the Education, Health, Hygienic, Environment Protection and to build Leadership qualities amongst the young generation.

In this regard we request you to arrange for a **Free Dental Camp** on any one of these days to create awareness on dental health. Kindly accept our request and do the needful.

Thanking you

Respected sir

SUB: Request for organizing free Dental Camp at N. S. S Special Camp

NSS is a noble experiment in academic expansion. It inculcates the spirit of voluntary work among the students and teacher through sustained community interaction. It brings academic institutions closer to society.

The Kammavari Sangham Institute of Technology has been successfully involved in the NSS activity every year. In this regard this year we have identified **KEMMALE** (Sathanoor Hobli, Kanakapura Taluq) Ramanagara district for **NSS Camp which would spread over a period of seven days from 22-06-2023 to 28-06-2023.** The purpose is to create awareness about education, health and hygienic, protection of environment and to build leadership qualities amongst the young generation.

In this regard we request you to arrange for a **free dental camp** on any one of these days to create awareness on dental health. Kindly accept our request and do the needful.

Thanking you

Respected sir

SUB: Request for organizing free Dental Camp at N. S. S Special Camp

NSS is a noble experiment in academic expansion. It inculcates the spirit of voluntary work among the students and teacher through sustained community interaction. It brings academic institutions closer to society.

The Kammavari Sangham Institute of Technology has been successfully involved in the NSS activity every year. In this regard this year we have identified **KEMMALE** (Sathanoor Hobli, Kanakapura Taluq) Ramanagara district for **NSS Camp which would spread over a period of seven days from 22-06-2023 to 28-06-2023.** The purpose is to create awareness about education, health and hygienic, protection of environment and to build leadership qualities amongst the young generation.

In this regard we request you to arrange for a **free dental camp** on any one of these days to create awareness on dental health. Kindly accept our request and do the needful.

Thanking you

Respected sir

SUB: Request for organizing free Dental Camp at N. S. S Special Camp

NSS is a noble experiment in academic expansion. It inculcates the spirit of voluntary work among the students and teacher through sustained community interaction. It brings academic Institutions closer to society.

The Kammavari Sangham Institute of Technology has been successfully involved in the NSS activity every year. In this regard this year we have identified **Ramanahalli, Bidadi, Hobli, Ramanagara district** for **NSS Camp which would spread over a period of Eight days from 07-06-2024 to 14-06-2024**. The purpose is to create awareness about education, health and hygienic, protection of environment and to build leadership qualities amongst the young generation.

In this regard we request you to arrange for a **free dental camp** on any one of these days to create awareness on dental health. Kindly accept our request and do the needful.

Thanking you

Dear Principal,

Sub: Request for Dental Screening and Treatment Camp

We, at Yuva Bengaluru Trust, are writing to formally request the esteemed Dayananda Sagar College of Dental Sciences to conduct a dental screening and treatment camp for the students of our supported Government schools.

Yuva Bengaluru Trust has been actively involved in uplifting the lives of underprivileged children through various initiatives. As part of our holistic development approach, we believe that oral health is a crucial aspect of overall well-being. We are confident that your college's expertise in dental care can significantly benefit our students.

We would be immensely grateful if your college could organize dental camps at the following government schools:

1. GHS Jalamangala - 31st July 2024
2. KPS Kudur - 5th August 2024

It is pertinent to mention that Yuva Bengaluru Trust has had a fruitful association with Dayananda Sagar College of Dental Sciences in the past. Through the commendable efforts of Dr. Vinod Rangan, Bangalore Freemasons, we have successfully conducted dental camps that have positively impacted numerous underprivileged children.

We are hopeful that your college will consider our request and extend its support to this noble cause. We look forward to a positive response and the opportunity to collaborate once again for the benefit of our students.

Thank you for your time and consideration.

For Yuva Bengaluru Trust,

Swetha Rao
General Secretary

Dear Sir,
Sree Siddaganga Matha has been in the forefront of providing basic education especially for the economically weaker sections of the society. More than 10,0000 students reside at the matha who are provided with fee education, food and shelter (Trivida Dasoha).

As you are aware the children at Sree Sidda Ganga Matha are undergoing their health check. We have been able to mobilise medicines from various pharmaceutical companies. We are indeed grateful for their valuable support. The teams of doctors from our institute have joined hands with Sridevi and siddartha medical college and are actively involved in the health check camp.

The students of the Matha also suffer from various Dental ailments. It would be of great help if your esteemed institute can participate in the camp. We look forward to your kind support in conducting the much-needed dental treatment for the student.

Please let us know your convenient dates for the same.

Sir,

Sub: Requisition to Conduct Dental Health Checkups at Malleshwaram- Reg

Sir, In view of the birth anniversary of Shree Deendayal Upadhyaya ji (on 25th September 2024) the architect of "Integral humanism", which puts human being at the central stage. This philosophy stands in contrast to western models of individualism and materialism, advocating for a society based on social harmony, cultural rootedness and economic self-reliance. The concept of "Antyodaya" or the uplifting of the poorest, most deprived groups of people, was also a mission close to the Mahatma's heart was started by Shree Deendayal Upadhyaya ji.

Recognising his contribution to nation building of bharath that is India we are celebrating by doing service to mankind through conducting Medical Camp, Blood donation Camp and Health Awareness Camps. Many of organisations like Fortis Hospital, Sparsha Hospital, Manipal Hospital, Aster Hospital, Vasan Eye Care, Balaji Ecotone Diagnostic Centre and Rashtrotthana Parishat are sending their team of Doctors and Health care professionals for the camp.

Hence we request your esteemed institute to also participate by conducting a dental camp on 25th September 2024.

Kindly do the needful. We will be forever indebted for your contribution on an auspicious day of our organisation

Dear Sir,
Sree SIddaganga Matha has been in the forefront of providing basic education especially for the economically weaker sections of the society. More than 10,0000 students reside at the matha who are provided with fee education, food and shelter (Trivida Dasoha).

As you are aware the children at Sree Sidda Ganga Matha are undergoing their health check. We have been able to mobilise medicines from various pharmaceutical companies. We are indeed grateful for their valuable support. The teams of doctors from our institute have joined hands with Sridevi and siddartha medical college and are actively involved in the health check camp.

The students of the Matha also suffer from various Dental ailments. It would be of great help if your esteemed institute can participate in the camp. We look forward to your kind support in conducting the much-needed dental treatment for the student.

Please let us know your convenient dates for the same.

VISIT TO WATER TREATMENT PLANT

Introduction –

As a part of our curriculum , we the students of DSCDS, as a batch visited the water treatment plant in Thorekadanahalli , Malavalli , Mandya taluk, Karnataka

Aim of the visit –

To know the water treatment process.

To understand the different processes of water treatment.

To know how purified water is distributed to different parts of Bangalore.

Date – 28/06/23

Place – Thorekadanahalli Malavalli, Mandya taluk

Time – 10:00 AM

Location –

WSSB's 550 MLD water purification plant, which is said to be Asia's biggest water purification plant at TK Halli near Malavalli, Mandya taluk, has five zonal operations. The water undergoes five stages of purification and pumping. The technology used in the plant is both conventional as well as updated. Spread over 25 acres, with just 52 employees, the water purification plant is a capital intensive unit that is operating at different levels and is automated.

Treatment process

The main contaminants in the river water are physical, BWSSB's Public Relations Officer. These are obvious and can be seen directly if you hold a glass of water against light. They impact simple factors of colour, odour, taste, pH, turbidity and total dissolved solids (TDS). A water becomes turbid if it is hazy due to its suspended particles, rather than chemical contamination.

The water falls in thin sheets over a number of steps in the cascade aerators to absorb oxygen. Oxidation kills the bacteria.

Chlorination process :-

This is followed by large amounts of chlorination. They are injected in the form of massive amounts of gas through pipes. However, as the chlorine used is almost 300 kg per day, in order to kill harmful organisms in the water, the staff in the T.K. Halli plant has to take precautions, so that the humans involved do not get impacted by chlorination.

Bacteriological parameters, factor bacteria, ie faecal and total coliform, which should not exist in potable water at all. Yet, faecal coliform, mostly from the faeces of humans or animals, is quite common in water sources in India. Hence even in household treatment systems, people use simple filters with chlorine tablets, or more sophisticated UV filtration systems, in order to remove faecal and total coliform.

Alum dosing :-

. Aluminum Sulphate is mixed with the water in order to ensure the right turbidity level. Hence, chemical contamination is

mostly low if the municipal water supply is from Cauvery and the water gets treated at the source before it gets piped.

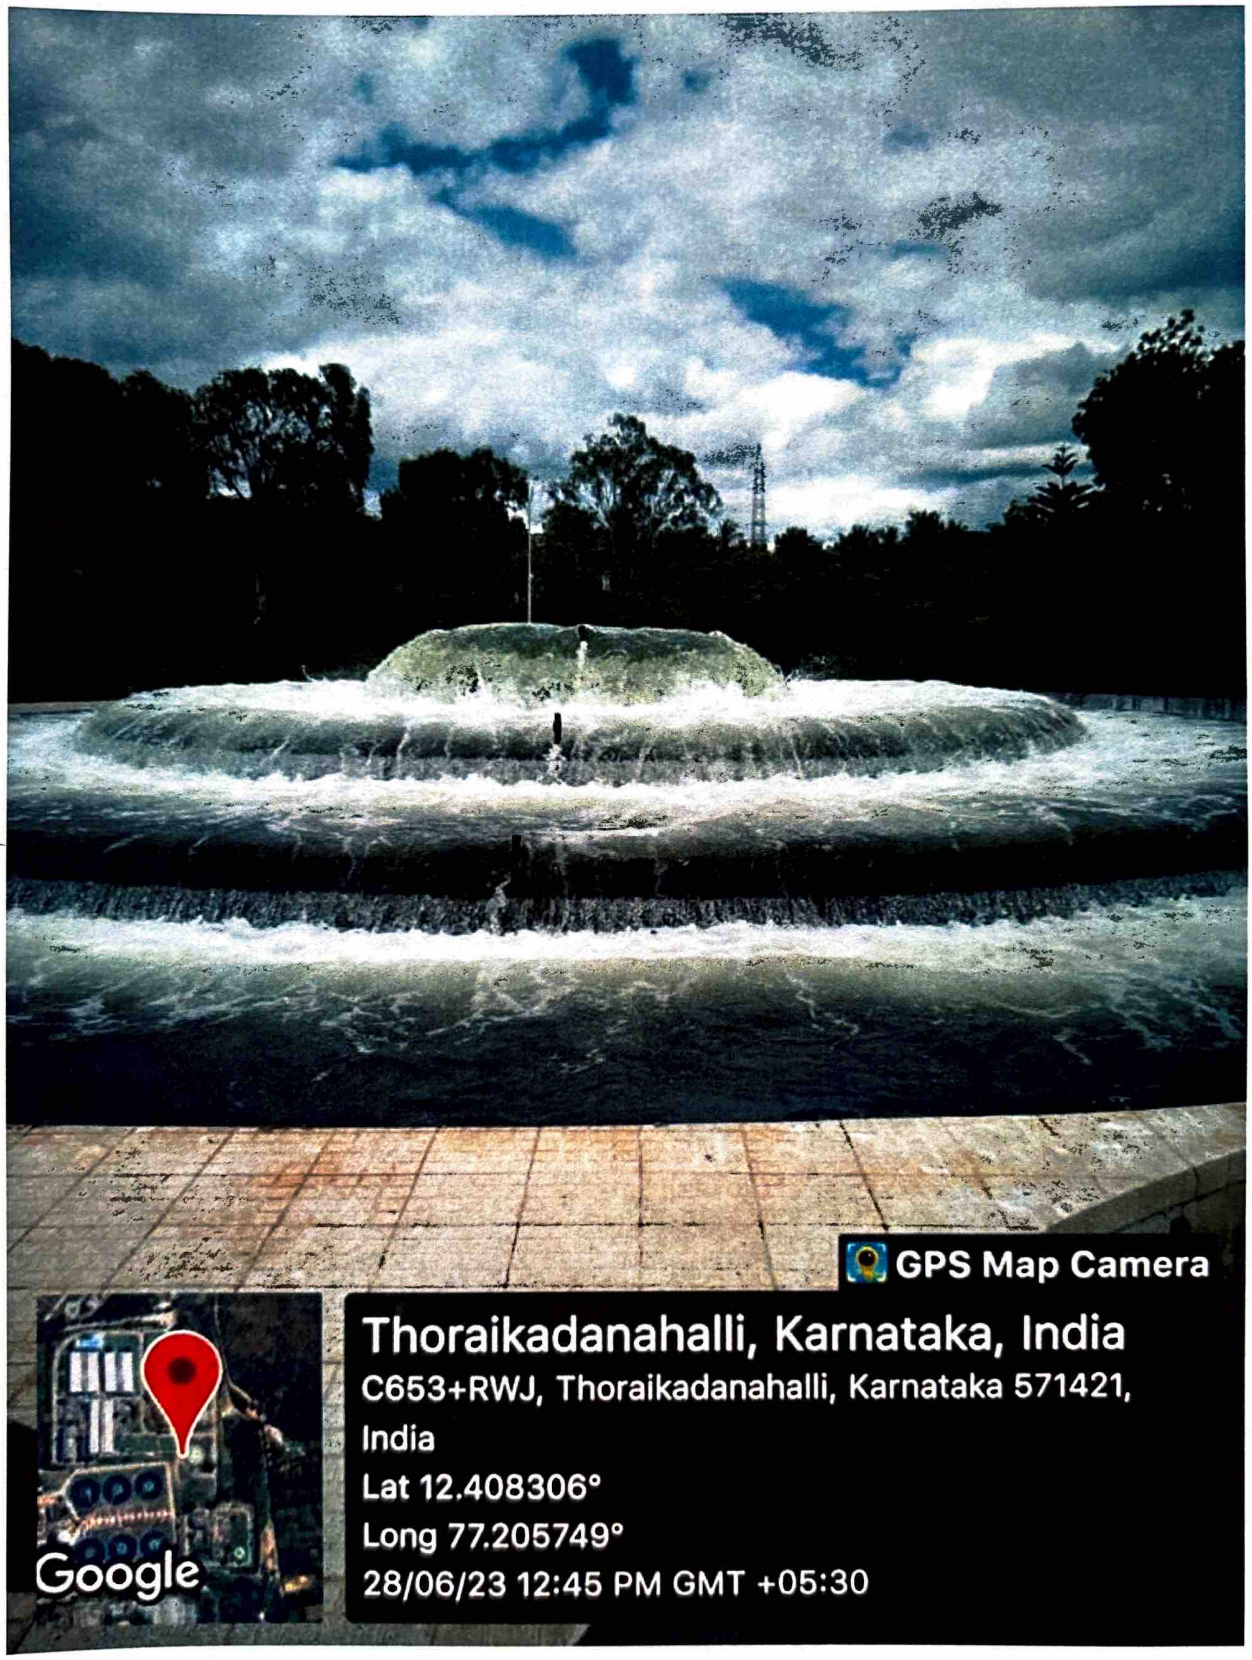

Filtration process :-

TDS is the measure of total solids dissolved in the water. Sedimentation of water is allowed to take place, by allowing suspended particles to settle. Some chemicals, mostly alum, are added to accelerate sedimentation, even as very fine and colloidal particles are removed through coagulation.

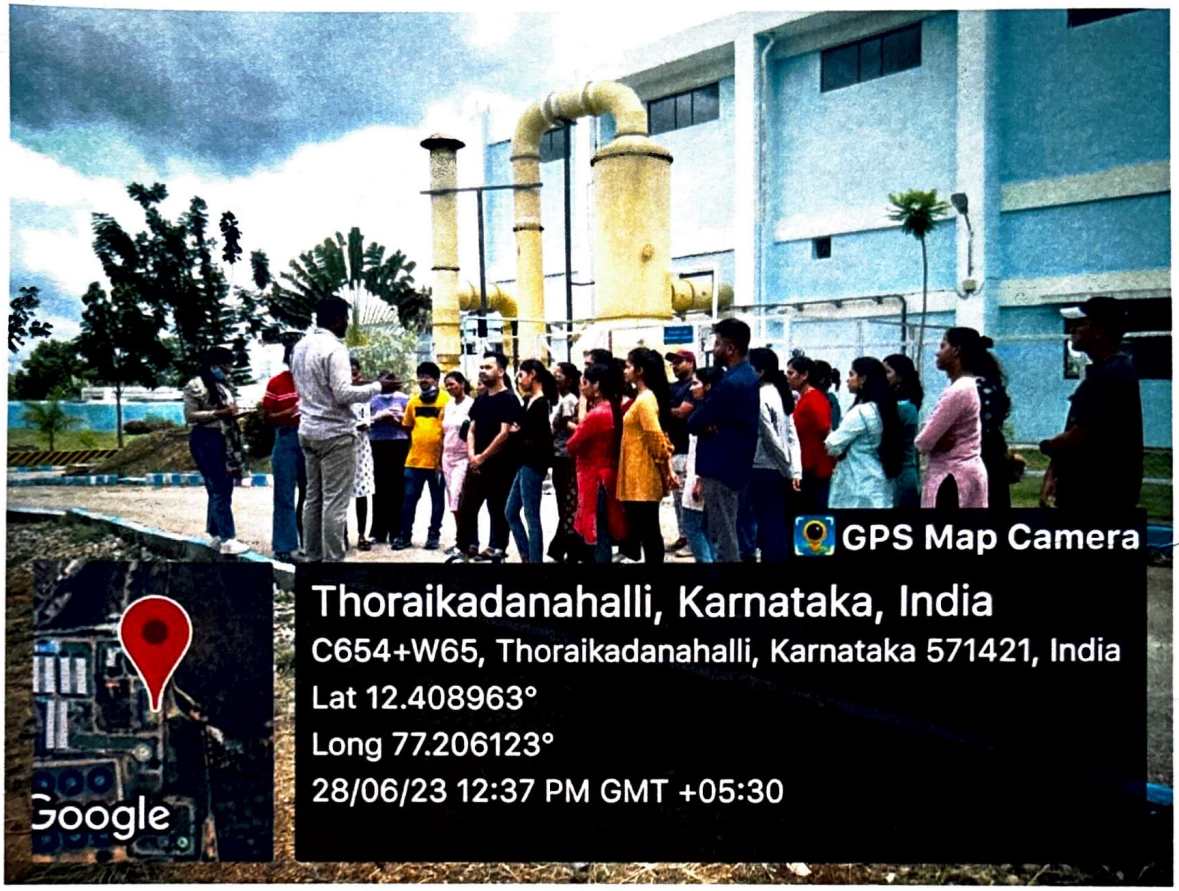

Water is passed through beds of sand filters or other granular materials. The process of rapid filtration helps to remove pathogenic bacteria.

Conclusion

This was the first time we had visited a water treatment plant, it was very clean and well maintained. The staff very helpful.

VISIT TO SEWAGE TREATMENT PLANT

Introduction –

As a part of our curriculum , we the students of DSCDS

As s group visited the sewage treatment plant in sarrakki (5MLD), Bangalore

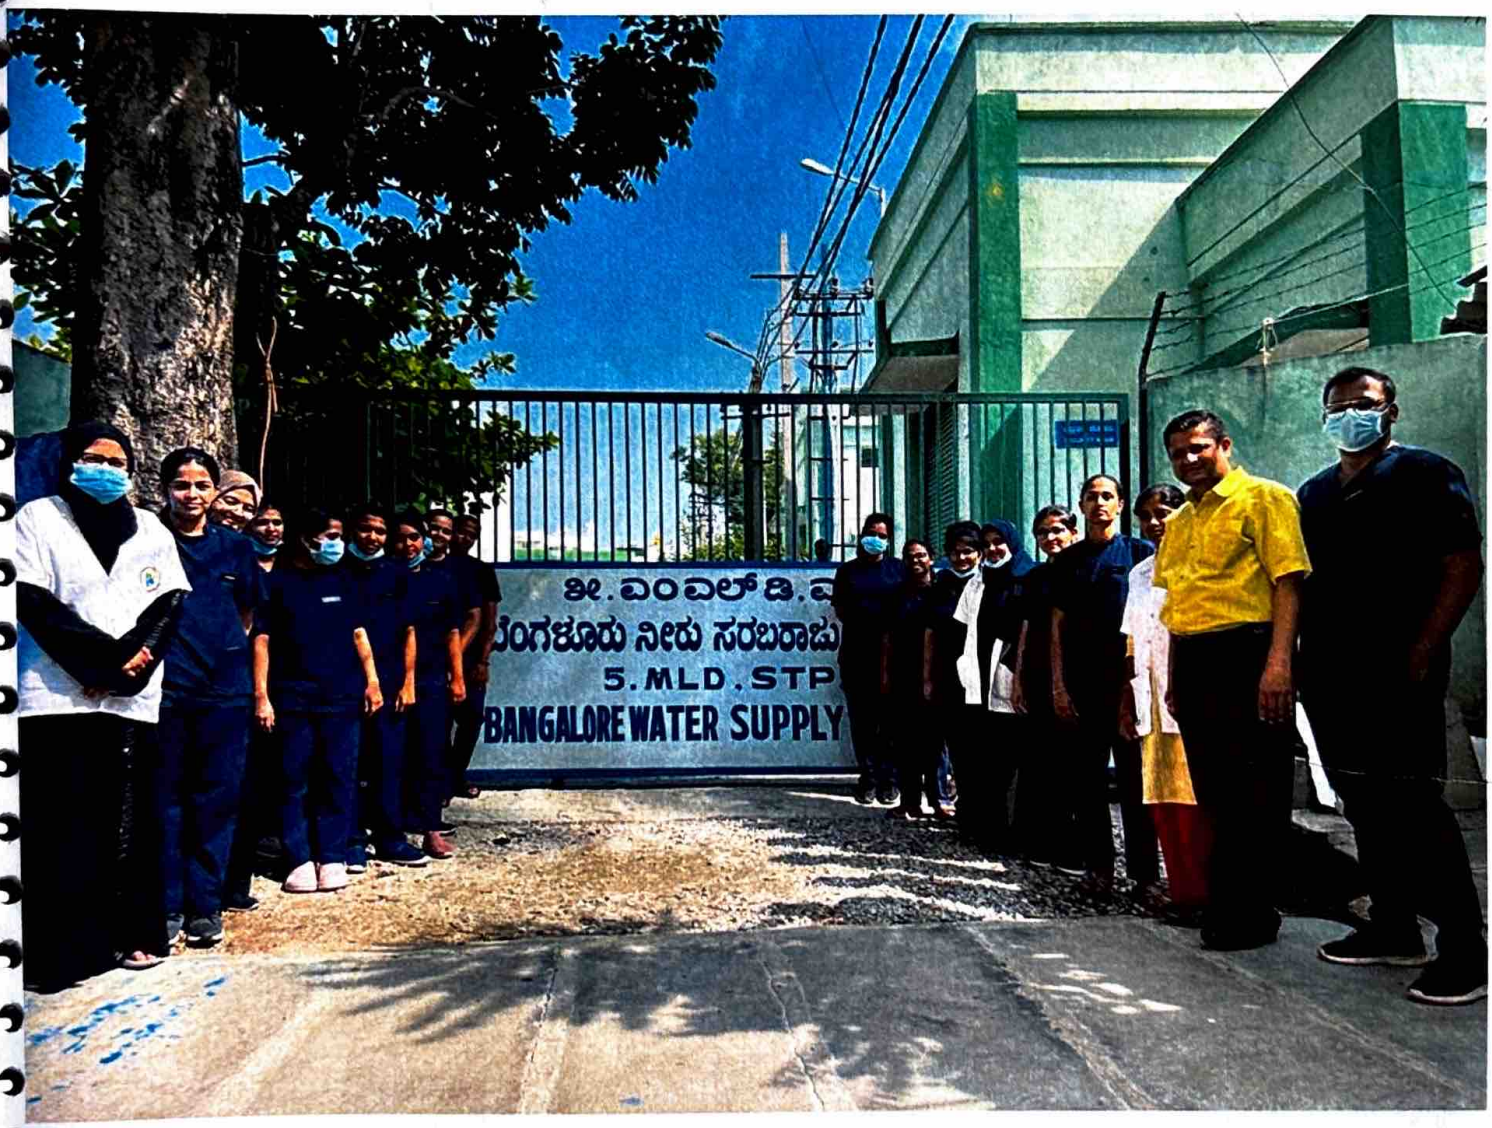

Aim of the visit :-

To know and understand the process of sewage treatment .

Date –16/06/23

Place – Sarakki , Bangalore

Time – 2:00 PM

5.MLD.STP
BANGALORE WATER SUPPLY

Treatment process –

First step is the receival of the waste material in the receiving chamber.

Next step is aeration or mixing in a tank

Primary treatment involves addition of a coagulant and aims at removing grits, coarse solids, oil and grease if any present.

Preliminary treatment results in sedimentation of solids (sludge) and formation of an effluent that floats above sludge. Effluent from primary treatment consists of 45-50 % unstable organic matter.

The effluent then undergoes secondary treatment where fine solids settle out by means of bacterial activities.

Secondary treatment :-

Trickling filters comprise an enclosed tank with a bed of bricks and a layer of microorganisms. The effluent enters the tank through an inlet and trickles over the bed layer by sprinklers.

Microbial activities oxidize the organic matter in the effluent, resulting in the removal of fine solids, formation of sludge and an effluent with less organic solids.

Tertiary treatment :-

The effluent then undergoes tertiary treatment/disinfection by incorporation of UV radiation or chlorination.

Conclusion –

This was the first time we had visited a sewage treatment plant . The plant is of capacity 5MLD , very well organised and maintained. The staff were very helpful and informative.

OUTLOOK OF THE AREA

Introduction –

As a part of our curriculum , we the students of DSCDS , visited a nearby slum to know about its functioning and the . We as a group (Batch C and Batch D) visited a few houses and talked to the family members. We gathered information about drainage, sanitation , oral hygiene status and health care facilities present in that area,

Date – 01/06/2023

Time – 2 PM

Place – Iliaz Nagar , Bangalore

Aim of the visit –

To know the living status , environmental conditions and general health of the people living in the slum .

To know the oral hygiene status of the people living in the slum.

To know the educational facilities available to the people living in the slum.

Socioeconomic status –The people belong to low income group. The residents were mainly auto drivers, construction workers.

Diet – The people were moderately nourished.

Oral hygiene and dental awareness –overall hygiene of the people is poor. The oral hygiene was poor. Few people are aware of importance of proper teeth brushing. Incidence of caries is high among the children. Common findings among the men are halitosis and stains.

Outlook of the area –The slum is congested. All houses are attached to each other without any gap in between.

Electricity and water supply – There is electricity supply to the slum. The area did not receive a 24hours water supply. The people stored water in drums and barrels

Waste/ garbage disposal - the residents dispose the garbage at a common place from where it is collected by BBMP van

VISIT TO SLUM

WATER SUPPLY

Sanitation – This place has a good sanitation system. Each house has bathrooms and toilets.

Educational facilities – There is a government school in the area.

Health care facilities – The people visit a nearby hospital for their health.

Recommendations –

There should be more awareness among the people regarding oral health and general health. More health care facilities should be made available. More stress should be given on the education of the children

Conclusion –

People are socioeconomically weak. Poor living conditions , no proper services like drainage or water, unawareness of oral hygiene. Because of these conditions there is high risk for diseases.

This Memorandum of Understanding is between **Dayananda Sagar University**, Kumaraswamy Layout, Bengaluru (hereinafter referred to as the First Party) and **The Principal, Dayananda sagar College of Dental Sciences** (hereinafter referred to as the Second Party). Together are referred to as the "Parties".

Purpose

The purpose of this MOU is to state the intentions of the parties in undertaking a collaboration and providing Grants by First Party in the field of research and development. Both the parties have common scientific and research interests and will cooperate in performing the activities stated below.

Types of Cooperative Activities

The scope of collaboration on research activities to be pursued through this MOU includes the following:

1. Research collaboration and providing Grants by First party to second party in the areas of mutual interest.
2. Exchange of academic materials which are made available by both parties.
3. Exchange of visiting research scholars.
4. Cooperative symposia, seminars, workshops and conferences.

General Terms

1. This MOU is effective from the date when both parties have signed it.
2. This MOU shall remain in force for a period of five (5) years from the Effective Date. Either Party may terminate the MOU by providing at 60 days' advance written notice to the other Party. Termination or expiration of this MOU does not automatically terminate any separate agreement between the Parties related to the subject matter of this MOU.
3. The MOU may be amended or extended by mutual consent in writing signed by authorized representatives of the Parties.
4. Each party is liable for its own acts and omissions under this MOU, which, for the prevention of doubt, does not include any liability based on the acts or omissions of a third party.
5. Confidential information shall be exchanged only under the terms of a separate agreement, whether a non-disclosure agreement, sponsored research agreement, material transfer agreement, or data use agreement. No confidential information shall be disclosed pursuant to this MOU.

Respected Sir,

Sub: Provision of IOPA radiograph unit, ultrasonic scalar and light cure unit for dental establishment at Konankunte PHC under the Public Private Partnership

***

At the outset I would like to thank you for all the help rendered to us in the initiating and processing of our request to start a dental unit at the Konankunte Primary Health Centre. As per the instructions from the DHO office letter addressed to Taluk Health Officer (reference no 20/2017-18, dated 19/2/2018) , we had a detailed discussion with Dr. Ravi Shankar, the medical officer, Konanakunte PHC regarding the planning and utilization of space for the dental unit in the new upcoming PHC building. We are happy to inform that we had a fruitful discussion.

We are planning to provide basic treatment procedures such as extractions and oral prophylaxis for free as well as complex treatment procedures. We would require your help to provide an Intra oral radiograph unit, ultrasonic scalar and LED light curing unit for the centre so that complex procedures like root canal treatment and composite fillings can also be done in the centre. We were able to procure the following equipment at our other centre at NR colony maternity centre with the help from Corporator Mr. Sathyanarayana through BBMP funds. We are expecting your help in this regard to provide uninterrupted dental service.

Thanking you.

Thanking you.

Yours Sincerely

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (MOU) sets for the terms and understanding between the **Principal, Dayananda Sagar College of Dental Sciences** represented by the Head, Department of Forensic Odontology, Dayananda Sagar College of Dental Sciences, hereafter referred to as the 'First Party' and **Director & Dean, Bangalore Medical College & Research Institute**, Bangalore represented by the Head, Department of Forensic Medicine, Bangalore Medical College & Research Institute, Bangalore, here after referred to as the 'Second Party' to Collaborate in the field of Forensic Odontology.

BACKGROUND

Forensic odontology is established as an indispensable science in medico-legal matters and in areas of individual identification. The dental tissues are often preserved even if the deceased person is skeletonized, decomposed, burnt, or dismembered. Various methods have been developed to determine age, sex, and ethnicity of the person, using dental tissues. Forensic Odontology offers very specific analyses & tools to help in identification, gender determination, age estimation, bite mark analysis in cases of abuse, etc.

PURPOSE

This MOU will entail the First party to collaborate with the Second party in cases for providing expert dental opinion and services related to the following mentioned areas of interest namely, Dental Age estimation, Forensic dental radiography, Bite-mark analysis, Dental autopsy, Disaster victim identification, Comparative dental identification &Facial reconstruction. This collaboration will purely be on a 'On Call' basis as and when a dental opinion is required. None of these services offered by the First party will be charged. They will all be purely honorary in nature.

All the above mentioned services for the First party will be carried out by Dr.Krishnanand PS, who is qualified with a Fellowship in Forensic Odontology after having completed his Post-Graduate Dental Degree, MDS, in Oral & Maxillofacial Pathology.

The First party will post Bachelor of Dental Surgery (BDS) internees on a rotational basis asper the schedule & convenience of the Second party to help in co-ordination of cases of interest. The Second party shall provide the First party with access to a predetermined number of Autopsy procedures for each batch of posted BDS internees for the betterment of their clinical experience resulting in the overall betterment of their knowledge in terms of Forensic Odontology.

Any and all clinical material, data, photographs required by the First party will be procured with prior permission of the Second party. All the material in the form of Clinical data, Photographs, etc procured by the First party should obtain clearance from the Ethical Committee of BMCRI before it could be used in any sort of scientific publication.

Respected Sir,

Sub: Consent for Renewal of Memorandum of Understanding at NR Colony UPHC, Bangalore

With respect to the above subject, I would like to bring to your kind notice that Dayananda Sagar College of Dental Sciences, Bangalore has been associated with N R Colony UPHC and Maternity Hospital from the past 4 years and has been catering to the needy for all dental concerns. In this regard, I wish to inform you that in the past 2 years **1818 patients have been screened for various dental diseases and 718 patients have been treated for the same.** This is in spite of the COVID 19 pandemic. We have reopened the dental centre again 2 months ago and have already been carrying out the routine dental procedures. We will be doing around 10-15 Root Canal Treatments (RCT) a month along with other treatments that are being provided. The Memorandum of Understanding is due for renewal in March 2021. I would like to give my consent for the continuation of the MOU for the next 3 years so that the Dental College can continue the provide treatment facilities free of cost to all.

Kindly do the needful and oblige.

Thanking you

Yours Sincerely,

c) In the event a joint research project is proposed by either Institution, such research efforts will be carefully scrutinized by both Parties to evaluate the value for the proposed joint effort, the qualifications of the proposed participating faculty members, and the location of the research activity. If a decision is made by both Parties to approve the proposed project as a possible joint effort, both Institutions will actively seek outside funding for the proposed joint research project. Final approval of the project will be subject, in part, to securing funding deemed sufficient by each Institution.

d) In such joint projects between the two Institutions, care will be taken to assure that there will be parity in the numbers and institutional ranks of the personnel involved. Any resulting publications shall include an acknowledgement of the contributions of each Insatution in accordance with customary scientific practices.

e) All such discussions of the concerned Parties regarding these matters will at all times strive to preserve a harmonious and continuing relationship between the institutions.

f) The Institutions agree to comply with all applicable laws that pertain to necessary licenses, certification standards, and legal considerations with regard to research where applicable.

g) If and when any collaborative research projects/ funding proposals are undertaken, a detailed collaboration agreement will be negotiated between the two institutions.

3. During Post Graduate training, when posted, the Post Graduate students must comply with all of the policies, procedures, and rules of the hospital (CDSIMER) and the hospital's medical staff, as applicable.

4. Both Institutions agree that all the financial agreements necessary to implement this MoU or any subsequent agreement must be negotiated according to the regulation of each of the institutions and depends on the availability of funds.

5. It is mutually agreed that food and accommodation will be provided for faculty / postgraduate students at CDSIMER campus.

6. Applicable Rules in case of Emergencies:

The Institutions agree that the clinical and academic requirements of both educational Institutions will be respected and that all current policies, rules, regulations, and/or guidelines covering matters applicable to a Program/patient care will be shared with

1. The two said institutions agree to the following general areas of interest and cooperation:

a. Sharing technical infrastructure with regard to using Operation Theatre facilities at CDSIMER and hospital at Hanchalli.

b. Sharing of intellectual expertise for skill oriented training of Post Graduate Students in terms of hands on training during specific postings of students to CDSIMER.

c. Sharing of knowledge and promotion of skill based training in Surgical specialities for the benefit of Post Graduate Students as per the existing University requirements.

d. Joint promotion of each others expertise and capabilities.

e. Collaboration for Direct access to Maxillofacial Surgical requirements at CDSIMER with Department of Oral and Maxillofacial Surgery, DSCDS for emergency management and patient care.

Scope of Society for Maxillofacial Surgery and Emergency Care:

- Avoid the need to travel to distant hospitals for Maxillofacial Surgical needs.
- Availability of Post Graduate/ Residents from the Department of OMFS, DSCDS for emergency care when required at CDSIMER.
- On-Site training for Post Graduate Students.
- Faculty from Department of OMFS, DSCDS will be available for Surgical cases requiring admission and management at CDSIMER.

2. Intellectual Property and Research Collaborations:

a) Both institutions will encourage research collaborations in areas of mutual interest. While it is expected that such collaboration would include research in Maxillofacial Surgery, collaborations in other areas are also encouraged. Details shall be specified in the particular written agreement for each collaboration.

b) Both institutions will promote and facilitate exchange programs for post doctoral fellow training in Maxillofacial Surgery. Such collaborative effort should be based on the mutual interests of the involved Principal Investigators in both institutions and the prospective trainees.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (MOU) sets for the terms and understanding between the Dayananda Sagar College of Dental Sciences (DSCDS) represented by the Principal, hereafter referred to as the 'First Party' and Chandramma Dayananada Sagar Institute Of Medical Education & Research (CDSIMER), Bangalore represented by the Principal & Dean, here after referred to as the 'Second Party' to Collaborate in the field of Human Anatomy including Embryology, Osteology & Histology.

BACKGROUND

Human Anatomy including Embryology, Osteology & Histology is a part of the First BDS curriculum. Students, should gain the knowledge and insight into the functional anatomy of the normal human head and neck, functional histology and embryological development of clinically important, structures. This is so that relevant anatomical & scientific foundations are laid down for the future clinical years of BDS course. For this, we wish our sister organization, CDSIMER also to be a part of this teaching-learning process, given the rich legacy of Dayananada Sagar Institutions in the field of pioneering education which would be imparted to students attending this training schedule.

PURPOSE

This MOU will entail the co-operative collaboration & participation of both the signatories of this MoU the following areas:

i. Training of I BDS students in relevant areas of Head & Neck Dissection, Histology of tissues of Head & Neck region, Osteology of the Head & Neck area as well as in relevant simulation lab.

ii. Exchange of academic information on a regular basis in terms of conducting subject symposia, case discussions, conferences, etc wherein both parties will actively participate & contribute constructively, wherever such a meet is conducted at.

The First party will send the First year BDS students as per the schedule & convenience of the Second party in the Department of General Anatomy, CDSIMER.

The First & Second parties shall collaborate with each other to provide space and classroom requirements as and when required by either party to conduct classes, seminars, subject symposia etc. The First & Second parties shall also be allowed to constructively participate & actively contribute by providing access to all Continuing Dental Education (CDE), Continuing Medical Education (CME), Workshops, Conventions& Conferences that will be hosted by either of them in their respective institutions which are related to the field of General Anatomy.

This MoU is purely based on the grounds of academic interest & purpose.

DURATION

This MoU is at-will and may be modified by mutual communication & understanding of authorized officials from either of the involved parties. This MoU shall become effective upon signature by the authorized officials from both parties and will remain in effect until decided otherwise by both involved parties.

In Witness whereof, the duly authorized representatives of both Institutions have SIGNED this MoU at Bangalore, India on the ....., in two original copies in English.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (MOU) sets for the terms and understanding between the Dayananda Sagar College of Dental Sciences (DSCDS) represented by the Principal, hereafter referred to as the 'First Party' and Chandramma Dayananada Sagar Institute Of Medical Education & Research (CDSIMER), Bangalore represented by the Principal & Dean, here after referred to as the 'Second Party' to Collaborate in the field of Forensic Medicine & Forensic Odontology.

BACKGROUND

Forensic Odontology is established as an indispensable science in medico-legal matters and in areas of individual identification. The dental tissues are often preserved even if the deceased person is skeletonized, decomposed, burnt, or dismembered. Various methods have been developed to determine age, sex, and ethnicity of the person, using dental tissues. Forensic Odontology offers very specific analyses & tools to help in identification, gender determination, age estimation, bite mark analysis in cases of abuse, etc. With this background, we at DSCDS wish to equip our students with exposure in the field of Forensic Odontology as an added advantage when compared to students elsewhere. For this, we have planned a comprehensive program, a part of which we would wish our sister organization, CDSIMER also to be a part of, given the rich legacy of Dayananada Sagar Institutions in the field of pioneering education which would be imparted to students attending this observership.

PURPOSE

This MOU will entail the co-operative collaboration & participation of both the signatories of this MoU the following areas:

i. Posting of Intern students & Post-graduate students of Department of Oral Medicine, Diagnosis & Radiology of DSCDS at Dept of Forensic Medicine, CDSIMER for a period of one week to observe & assist in Autopsy procedures conducted in the Department & also be trained in relevant simulation labs.

ii. Exchange of academic information on a regular basis in terms of conducting subject symposia, case discussions, conferences, etc wherein both parties will actively participate & contribute constructively, whenever such a meet is conducted at.

iii. The first party will also provide expert dental opinion and services related to the following mentioned areas of interest namely, Dental Age estimation, Forensic dental radiography, Bite-mark analysis, Dental autopsy, Disaster victim identification, Comparative dental identification & Facial reconstruction. This will be on a 'On Call' basis as and when a dental opinion is required.

All the above mentioned services for the First party will be carried out by Dr.Krishnanand PS, who is qualified with a Fellowship in Forensic Odontology after having completed his Post-Graduate Dental Degree, MDS, in Oral & Maxillofacial Pathology.

The First party will post Bachelor of Dental Surgery (BDS) internees & Post-graduate students of Department of Oral Medicine, Diagnosis & Radiology on a rotational basis as per the schedule & convenience of the Second party in the Department of Forensic Medicine, CDSIMER to help students in observership of autopsy procedures in cases of interest. Introduction and Background:

Dayananda Sagar College of Engineering is approved by All India Council for Technical Education (AICTE), Govt. of India and affiliated to Visvesvaraya Technological University. It has widest choice of engineering branches having 18 Under Graduate courses & 13 Post Graduate courses. The Institute is spread over 23 acres of land with large infrastructure supported by laboratories with state-of-the-art, Equipment & Machines.. The College has good faculty strength with highest professional integrity and committed to the academics and research.

The Dayananda Sagar College of Dental Sciences is a part of the Dayananda Sagar Institutions located at Campus - 1, Kumaraswamy Layout Bangalore was begun in 1991 as an Institution that caters to all the Oral Health Care needs of patients and provides training to Under Graduate, Post-Graduate and Ph. There are 9 sub-specialties of Dentistry out of which Post Graduation is being held in 7 specialities.

Now, in accordance to the mutual desire to promote and develop activities between two Institutions, namely DayanandaSagar college of Engineering and Dayananda Sagar College of Dental Sciences and Hospital in association with sagar hospitals we agree to the following statement of intent on skill /simulation based educational training programme for basic life support training for the undergraduate/ , postgraduate students , Teaching and non teaching staff. This cooperation in specific areas may be designed by mutual consent and incorporated into specific additional agreements upon signature by the appropriate authorities of both the institutions.

Early intervention of bystanders (the first links of the chain of survival) have been shown to improve survival and good neurological outcomes of patients in an emergency. Involvement of communities in early basic life support (BLS) and cardiopulmonary resuscitation (CPR), especially of lay people is of prime importance as with no duty to respond. A better knowledge of the most effective initiatives might help improve survival and health system organization. Simplicity and brevity of the community training programs are important to allow for maximal efficiency and the training of individuals who do not wish to participate in a longer course or seek BLS certification . For the purpose of this review, we defined "community" as the general population of a defined geographical area (i.e., a group of neighborhoods, one or more cities/towns or regions, a part of or a whole country), in which individuals with no duty or organized role to respond can act as potential witnesses or bystanders of a Cardiac arrest victim. This definition does not include healthcare professionals or first responders with a role as rescuer or part of a response system.We defined "initiative" as any intervention promoting BLS or providing

education and training, aiming to increase the engagement of the community as defined above in providing BLS (i.e., any kind of CPR and early defibrillation).

The two said institutions agree to the following general areas of interest and cooperation: Sharing of Intellectual expertise for skill based / simulation oriented training of under Graduate / postgraduate Students, Teaching and Non teaching staff as well as Basic life support in terms of hands on training for Engineering staff and students

Both the Institutions recognize that:

a. This MoU establishes a foundation of mutual understanding and interest and does not itself entail any financial obligations for either institutions.

Introduction and Background:

The Dayananda Sagar College of Dental Sciences is a part of the Dayananda Sagar Institutions located at Campus - 1, Kumaraswamy Layout Bangalore. It started in 1991 as an Institution that caters to all the Oral Health Care needs of patients and provides training to Under Graduate, Post-Graduate and Ph. D students and functions under the aegis of the prestigious Rajiv Gandhi University of Health Sciences, Bangalore, Karnataka. There are 9 sub-specialties of Dentistry out of which Post Graduation is being held in 7 specialties.

The Department of Prosthodontics commenced its Post Graduate Program in the year 2009 and caters to intra oral and extra oral prosthetic rehabilitation. The treatment includes Complete Denture, Removable Partial Denture, Fixed Partial Denture, Maxillofacial Prosthesis and Implants.

Now, in accordance to the mutual desire to promote and develop activities between two Institutions, namely the Dayananda Sagar College of Dental Sciences and Hospital & Kidwai Memorial Institute of Oncology, Cancer Research and Training Centre, Bangalore, we agree to the following statement of intent on skill-based education and cooperation in regard to prosthetic rehabilitation of patients with maxillofacial defects. This cooperation in specific areas may be designed by mutual consent and incorporated into specific additional agreements upon signature by the appropriate authorities of both the institutions.

1. The two said institutions agree to the following general areas of interest and cooperation in the interest of patient care and teaching.

a. Referral of patients for rehabilitation with maxillofacial prosthesis post oncology surgery, which will be **free of cost** at the dental college.

b. Prosthetic assistance from the prosthodontic post graduate students during the surgical phase.

Scope of association:

- To benefit the patients since the treatment would be free of cost.
- It will be of academic interest to the postgraduate students in enhancing their knowledge and skill.
- On-site presence of postgraduate students during surgery if prosthetic assistance would be required.

2. Both the Institutions recognize that:

a) This MoU establishes a foundation of mutual understanding and interest and does not itself entail any financial obligations for either institution.

b) This MoU will take effect from the date of its signing and shall be valid immediately.

This MoU is being signed on 10/01/2022 and will stand effective from this date for a period of two years.

Memorandum of Understanding
By and Between
Dayananda Sagar College of Dental Sciences, Bengaluru
and
Abhalashrama, Bengaluru

This MoU is entered into on the 1st April 2022 (here after the "Effective Date") by and between: Abhalashrama, with its registered office at 125,6, DVG Road, Basavanagudi, Bangalore 560004 and Dayananda Sagar College of Dental Science at Shavige Malleshwara Hills, Kumaraswamy Layout, Bengaluru 560078 (hereafter referred to as "DSCDS")

Who are referred to, collectively, as "Parties" or, individually, as "Party".

PREAMBLE: WHEREAS DSCDS and Abhalashrama, recognize the benefits to be derived from collaboration, cooperation and mutual interaction for the development and promotion of joint activities to address issues of mutual interest, designed to foster and promote oral screening and oral care.

NOW THE PARTIES HAVE AGREED AS HERE UNDER:

1) NATURE AND SCOPE OF JOINT ACTIVITIES: The parties have agreed to undertake the following activities jointly:

a) Oral screening and treatment of patients at the dental clinic, Abhalashrama.

b) General hygiene and oral health education to all the patients coming to the clinic.

c) Periodic oral cancer screening and referral.

2) PUBLICITY & MARKETING:

Both Parties agree to consult each other in case of any requirement for publicity of the said project to the media or any other agency and to act diligently in the best interest of the project.

3) CONFIDENTIALITY:

a) Both Parties shall treat as strictly confidential and prevent disclosure there of all confidential Information exchanged pertaining to the activities under this MoU between DSCDS and Abhalashrama ("Confidential Information"). Both parties shall not disclose or use such confidential Information for any other party in any manner and shall only use such information for the purposes of this MoU.

4) TERMS OF MoU:

This MoU shall come into force from the 'Effective Date' and shall remain in force for a period of 3 years (36 months), from the 'Effective Date' of the MoU. The term of the MoU may be mutually extended on terms mutually agreed to by the Parties.
