ICT ENABLED TEACHING TOOLS

Our institution integrates ICT-based teaching alongside traditional methods to enhance e-learning. Faculty are trained to utilize tools such as PowerPoint, videos, audio systems, and online resources, fostering an interactive learning environment. Classrooms are equipped with LCD projectors and audio systems.

We encourage active learning through seminars, group discussions, debates, and journal clubs. The campus includes a dedicated computer lab with Wi-Fi to support independent learning. Additionally, students have access to a wide range of e-journals, eBooks, and e-learning platforms like HELINET, NDLI, Wiley, and Elsevier.
