POLICY DOCUMENT FOR ADVANCED RESEARCH STUDIES

Establishment of Policy for Promotion of Advanced Research:

Research is the foundation of knowledge that brings new energy, builds state of the art facilities, promotes research publications, develops collaborations and becomes part of active community that shares the mission objectives. Rapid growth in scientific knowledge is an indication of quest for discovery and has an impact on economic and societal development. Science, technology and innovation are often initiated at the University to create research environment and that is also the mission of Dayananda Sagar College of Dental sciences. Research and developmental activities creates and disseminates new knowledge in a range of fields, promotes innovation and these will motivate better learning and teaching among faculties and students of our institute.

Goal:

To promote research and research culture among faculty and students so that the research productivity of the various departments and institution as a whole is comprehensively enhanced.

Objectives:

1. To form sub-committees to shoulder the duties and responsibilities related to planning, organizing and Implementing specific research activities / schemes in the institution.
2. To empower the faculty and students in conducting and publishing quality research which can be beneficial to all the stakeholders of health research through conducting regular training programs (seminars, workshops, symposia) in the institution.
3. To enable the faculty and students in taking their research output in terms of quality and quantity to next higher level.
4. To promote 'funded research projects' in the institution which results in enhancement of scholarship in research.
5. To promote the faculty and students in getting patencies in their names for the innovations done by them in the institution and to provide required support system to that end.
6. To monitor the research of all the faculty and students in the institution.
7. To keep a constant tab and update the publications of all the departments.

8. To guide and scrutinize the research proposal and research writing which is to be sent for publication and funding.

Policy on Promotion of Academic Research

A policy on academic research faculty to promote faculty involvement in research and developmental activities shall be prepared and implemented. This policy shall deal with the higher education and up skilling of faculty members in conducting and publishing research.

The policy will spell out measures to encourage the enrolment of faculty in Ph.D programmes. It shall also declare suitable incentives for Ph.D holders and other faculty who publish research articles in reputed journals.

Policy on Seed Money for Internal Research

1. Every faculty is eligible to apply for internal project which shall lead to collaborative / externally funded research projects.
2. The college shall provide the basic infrastructure required to conduct research projects.
3. Faculties are encouraged to identify inter-disciplinary research in their chosen field of research.
4. All innovative projects of faculty completed using the seed money would be earmarked for filing patents.
5. Recognition and remuneration will be given to those faculties who get patents.
6. The responsibility lies on the faculty members to take appropriate actions so that their innovations are covered by IPR and copyright protected.

Policy on Centre of Excellence

The college shall develop and nurture Centre for Excellence in the frontier areas of research which shall be open to faculty, students and industry persons to conduct research and engage in innovation. The faculty and students commitment to research is enhanced in order to attract funding from governmental / international agencies and also from industry in relevant sectors. Excellence in the research skills from any faculty and student in the institution would be honored with incentives and promotion.

Policy on Consultancy Projects

The college recognizes that consultancy is an effective way to disseminate knowledge. Hence it is seriously committed to make the expertise accessible and available the available to industry and society. The policy enables the researchers to take the research output to the end users by encouraging consultancies.

The college, as a socially responsible institution wants to make an early and direct impact on society through consultancy, whereas maintaining balance between consultancy and the

traditional role as a teacher. All Research and Non-research consultancies are governed by the established norms as described in the Policy on Consultancy Projects.

Policy on Innovations, Incubations and Entrepreneur Development

Innovation is given thrust in the institution. Students and faculty are encouraged to develop innovative frame of mind. In this regard institution has developed an MOU with the Derby Foundation, Bangalore. Few seminars and lectures were organised related to 'Patency procedural protocols'. Innovations happen when the problems are converted into ideas and, the ideas are further tested.

Creating research and innovation culture in the institution is a priority area and the 'Advanced Research Committee' is working on it. Innovation in research and development (R&D) can be a strategic weapon in which top institutions employ definable strategies and practices to catalyze high levels of organic growth, support above average margins and separate themselves from the competition.

Sustaining innovations: Are improvements that build on existing technology, products/ services, market strategy, etc. also referred to as "incremental" innovations.

Disruptive innovations: They are offerings, processes, methods, technologies, etc. that represent a major shift from everything

The college shall promote Innovations, Incubation, and Entrepreneurial Development among the teachers and students leading to development of innovative, commercially viable and socially relevant products / materials which shall lead to Patents and Copyrights.

Policy on Ethical Research

A separate policy and committee (IRB) is established to review and oversee the ethical issues of the research undertaken. Any research intended to be conducted should first obtain the approval from IRB (Institutional Review Board), without such an approval no research is permitted by the institution. The researcher/s should submit a proposal and that would be scrutinized for its scientific and ethical integrity by the IRB. There are internal and external members in the IRB who have the required expertise to scrutinize the proposal. The committee conducts meeting periodically for the same purpose and the researcher has to present the proposal in front of the committee.

Establishment of Intellectual Property Rights (IPR) Cell

Steps shall be taken to establish an Intellectual Property Right Cell to assist the researchers and inventors to get protected their inventions and intellectual properties. A separate cell shall be created with the assistance from Central and/or state government. In this connection our institution has conducted multiple CDE programs on IPR related topics. Experts in the area have catered to the intellectual needs of our researchers.

Constitution of the Advanced Research Committee

- Chairperson
- Co-chairpersons

Dayananda Sagar College of Dental Sciences is fully committed towards excellence in research through promoting quality processes in the conduct of research activities undertaken by the faculty of the Institution. Its researchers are expected to abide by the standards of Institution's expectations of good practice in research by taking all responsible steps towards ethical conduct of research in terms of human participation and data management. To enable this, an Advance Research Committee was constituted. This committee has been formed with the following mandate in mind. This committee will strive:

- To foster an ethical research culture. For this purpose the research Committee will preserve the dignity, privacy rights of those involved in research work.
- To provide orientation training and support to the researchers on best ethical practices and regulatory requirements.
- To provide guidance and individual comments to the researchers for publication.
- To ensure that research is carried out with the approval of the respective Departmental HOD, IRB, RSDC & Principal's office.
- To oversee the policies and practices of the Institution and while overseeing this, the committee shall initiate appropriate action where there is evidence that the institutions policies are not adhered to.

Objectives of the Advanced Research Committee:

The core objective is to establish a vibrant research culture among the faculty & student community with an interdisciplinary perspective in order to respond to the emerging challenges faced by the society at regional, national and global levels. Research groupings of the allied faculties present on campus facilitates a wide disciplinary range in research to be effective and sustainable in the longer term, developing the next generation of researchers. The other important objectives that committee to cater:

- A conducive research culture which encourages faculty & students to perform to their full potential and facilitates nurturing of future researchers.
- Generates high quality and original research which advances knowledge and practice of dentistry & its diverse areas of studies and, where appropriate, provides a basis for application and knowledge transfer.

PRINCIPAL
Dayananda Sagar College of Dental Sciences
Kumaraswamy Layout,
Bangalore - 560 078.

- To support and promote collaboration in research endeavors at a local, national and/or international level with all those who can make a valuable contribution with respect to the initial concept, design, planning, execution, analysis, discussion and dissemination.
- To encourage best practice in the management of institutional research strategies, in terms both of grant-seeking and ensuring project completion.
- To continuing to allocate research funding selectively on the basis of research excellence
- To recognize and reinforce high quality research
- To promote a culture within the Institution whereby researchers conscientiously reflect on the ethical implications of their research.
- Research projects and action taken will be presented in the monthly periodic faculty meeting
- To support the research base in responding to opportunities in new fields of research which are not yet sufficiently developed to attract both internal & external funding.

Intra-Mural Funding Program:

One of the main initiatives of the Advance Research Committee has been to constitute a platform for providing Intra-Mural research funding/grants to deserving applicants (under-graduate BDS students, post-graduate MDS students & faculty members) with the ultimate goal of enhancing research activities in the Institution.

Objectives:

- To award funds to eligible groups, individual faculty and students to enable them to pursue research, particularly in the priority areas identified by the Institution;
- To support these investigators so that they may effectively compete for extramural grants;
- To build research capacity of DSCDS faculty members and students.

INSTRUCTIONS TO THE APPLICANTS:

1. The prescribed application forms can be downloaded from DSCDS website <http://www.dscds.edu.in/AdvancedResearch.htm> from 1st April 2022

2. Proposals will be evaluated based on the information provided in Section A and B separately.
3. The technical part of the research proposals (Section B) will be evaluated by the Internal and External Subject Experts for 80 marks. The research proposal which score 70% or more marks in both Internal and external evaluation will be eligible for interview with Research Expert Committee.
4. The Subject Experts within the Institution will be Internal evaluators and Subject experts from outside the Institution will be external evaluators.
5. The Research Expert Committee will interview the eligible Principal Investigators and Co-investigators. In this interview the Principal Investigator has to score minimum of 50% marks to get selected for award of grants.
6. The evaluation criteria for the Subject Experts and the Research Expert Committee will include the following

A. Criteria for evaluating the research proposals by the Internal and External Experts separately.

Sl. No.	Criteria	Max. Marks
1.	Originality of the proposal (Following will be taken into consideration) a. Purpose (Novelty/Innovation) b. Tools (Bio-medical/equipment related development) c. Technique(New clinical technique/ improvement over existing technique) d. Procedure (Improvement/ Simplification)	20
2.	Expected contribution of the proposed research to knowledge base — (Following will be taken into consideration) a. Upgrading the existing knowledge (Preliminary work already done) b. Totally new research with impact on clinical/public health/health science	15

3.	Contribution of the proposed research to the society (Following will be taken into consideration) a. In terms of change in policy (Social/Public Health) b. In terms of economics (Cost saving) c. In terms of simplification (Applicability and Acceptability)	15
4.	Research methodology employed including statistics (Following will be taken into consideration) a. Clear objectives described? b. Clear description of work-plan using CONSORT (RCT) or STROBE (Epidemiology) or ARRIVE (animal research) guidelines c. Is the statistical plan described? Power of the study?	20
5.	Ability of the proposal to get grants in future — (Following will be taken into consideration) a. Robustness of the proposal in fundamental/applied aspects b. Does the project fit within major funding drives/collaboration c. Is there an indication of future plans?	10
6.	TOTAL	80

B. Criteria for evaluating the research proposals by the Expert Committee

Sl. No.	Criteria	Max. Marks
1.	Any grants received from any other funding agency other than DSCDS by the Principal Investigator	01
2.	Number of publications of the PI in the last 3 years in National/International indexed journals (one mark per paper upto a maximum of 5 marks)	01
3.	Infrastructural facilities present in the college to carry out the proposed research activity	01
4.	Any preliminary work done in the same research field by the PI	01

PRINCIPAL

Dayananda Sagar College of Dental Sciences
Kumaraswamy Layout,
Bangalore - 560 078.
Scanned with CamScanner

5.	Whether running any concurrent PG/Ph.D. courses in the department	01
6.	Assessment of the PI during the interview with the Expert Committee	15
	TOTAL	20

7. The Research Grants will cover the following:

- i. Cost involved in getting the required tests/experiments done outside in case of non-availability of infrastructure required in the institution and test reports should be submitted with GST/PAN numbered bills and vouchers without fail for audit purposes.
- ii. Junior PG Students / Undergraduate students can be taken as Junior Research Assistants
- iii. The non-technical research assistants i.e. secretarial assistant shall be paid maximum of Rs.1000/- per month and junior research assistant shall be paid maximum Rs.3000/- per month as honorarium.
- iv. Honorarium for the supportive staff (junior research assistant/ nontechnical research assistants), travel, accommodation, stationery, Printing, Publication cost and cost of registration of conferences put together should not exceed 30% of the total project cost.
- v. Presentation of the research paper/poster is admissible only in national conference. Presentation in conferences that are virtual or online in nature is not admissible.
- vi. Publication of the final paper in the Q1 / Q2 indexed national/international journal with high impact factor is mandatory.
- vii. No grants will be released for the purchase/rental/lease of the equipment's (software/hardware) such as laptop printers, note pads, mobiles, voice recorders, books furniture, pendrive, etc. Equipments/instruments, however small or big should not be purchased from the research grant.
8. Institutional (Human) Ethical Committee clearance is mandatory for processing of research proposal and should be submitted while applying for the grants.
9. Wherever animal experiments are involved, it is mandatory to have CPCSEA approval of the institution and the Institutional Animal Ethical Committee shall be formed as per CPCSEA guidelines and IAEC clearance of the project is mandatory.

10. If the research proposal does not involve any human or animal experimentation, then the Principal Investigator and Principal / Head of the Institute shall give an undertaking to that effect.
11. Intellectual Property Rights will be governed as per the guidelines issued by DSCDS.
12. All the Principal Investigators of the Research Project shall necessarily follow the guidelines issued by Indian Council for Medical Research, Dental Council of India & RGUHS
13. Research grants will not be provided for conducting service camps in the communities, health education programs, routine health checkups and screening of populations/groups, etc.
14. Such of the PIs who have already received any type of research grant from DSCDS for the previous years are not eligible to apply. However if they have completed the research activity and have published an article out of the research activity in an indexed journal and have obtained completion certificate from the department of Advanced research, DSCDS then such investigators are eligible to apply for this year research grants.
15. The fulltime/permanent teaching faculty working in DSCDS are only eligible to apply for this research grants.
16. The Principal Investigator can propose maximum of two Co-Principal Investigator out of which First Co-PI shall be from the same department and same institute where the Principal Investigator is working.
17. For any reason if PI leaves the institute and if the project is not completed, then the PI is responsible and shall mandatorily refund the research grant along with accrued interest to the Institution prior to being relieved from the institution.
18. Guidelines to be adhered by PI's before submitting the bills and vouchers:
 - As per the KTPP ACT rules the Head of the Institute and Principal investigator should procure all the research related items other bills will not be accepted.
 - All the bills and vouchers should be attested by head of the institute and PI.
 - All the bills and vouchers should be GST bills and bills should have the companies/stores REG number, PAN number, and GST numbers.
 - PI should attend the seminar/conference only if they are presenting the research paper sanctioned by DSCDS. If the PI submits the bills for claiming TA/DA for presenting their research paper, they should submit certificate of Paper presentation in the conference and abstract that they have presented along with bills.

- If the PI submits the bills of LAB experiments/tests etc. the company or lab should certify the test reports that they have tested so many samples/Patients and PI should submit the certified reports along with bills.
- The PI should submit the vouchers for paying salaries/honorarium to Junior Research Assistants etc. and it should be signed by the receiver, PI and Head of the institute
- If the PI submits the bills for purchasing from their own Institutions /sister concerns, then the pharmacy, shops, labs etc. bills should include GST and bills should have the REG number, PAN number, and GST numbers.
- Statement of Expenditure should be submitted in accordance with the bills enclosed along with details of payment made to the vendors. If bills are not according to the statement of expenditure, then such bills will not be accepted and next instalment will not be released.
- The research grants should be utilized in 70:30 percentage ratio. For each installment 70% utilization for research proper and 30% utilization includes salaries to research assistant, travel, conference in national level, stationery, research publication etc.
- A monitoring committee shall be set up by the Advance research Committee that shall verify the bills and vouchers & whether it has been utilized properly for the research purpose only and duly certify the bills with seal and signature.
- In case of change in PI, the Head of the Department shall intimate the same to Advanced Research Committee, Principal DSCDS and a fresh sanction order shall be received in the name of new PI. Option to change the PI shall be given only once during the complete duration of the study.

Roles and Responsibilities of the Committee members:

Chairperson

- Responsible for ensuring that the committee members are effectively engaged in order to achieve the objectives of the committee.
- Responsible to make the most of all the committee members, building and leading the team.
- Responsible for giving approval for any activity under the committee.
- Provide general advice and guidance to the staff, committee members and researchers.
- Offer support, and mentorship as required to the co-chairpersons, secretary, assistant coordinators and the members.
- Develops agendas along with the secretary.
- Chair all committee meetings.
- Check and approve the Minutes in a timely manner.
- Has to apprise the Principal of the institution periodically about the activities of the committee and submit a written report annually.
- Responsible for assuming the lead reviewer role for the research synopsis submitted to the board.
- Will actively seek input from committee members during regularly scheduled meetings and conference calls.
- Will actively assign tasks to committee members that are tailored to the needs discussed.

Co-Chairpersons

- In absence of the chairperson, take his/her responsibilities.
- Assist the chairperson in all the duties as assigned by him/her.
- Organize scientific programs after consultation with the chairperson
- Providing updates on relevant and contemporary issues related to health research, as well as relevant contemporary literature to the committee

Member Secretary/Co-ordinator

- Organize the committee meetings regularly and ensure that they are conducted in an orderly and efficient manner.
- To prepare, in conjunction with the president, the agenda for the committee meetings.
- To ensure that all members are kept informed of dates, times and venues for meetings.
- To report all important correspondence received by the committee to the meeting.
- Arrangement of training for staff members along with the chair and co-chairs.
- Organizing an effective and efficient tracking procedure for each proposal received.
- Allocation of proposal (in consultation with the chairperson) for reviews to specific members to facilitate efficient dispensation of the projects.

PRINCIPAL
Dayananda Sagar College of Dental Sciences
Kumaraswamy Layout,
Bangalore - 560 078.

Members:

- Work along with the secretary in all aspects
- Take minutes of meetings and provide it to the committee chair within ten working days of each meeting, for distribution to the entire committee within twenty working days.
- To maintain a register of all member attendance at meetings
- For online meetings, take a record of all those in attendance
- Maintain and report accounts to all the members regularly
- Receive and check for the completeness of the proposals sent for review
- Preparation, maintenance and distribution of proposals for review
- Collection and compilation of proposals after review
- Uploading proposals to relevant websites when required
- Prepare an "action item" calendar for the meetings which will consist of all of the deadlines for abstract submissions and research grants, and the evaluation and notification dates associated with them
- Take the lead in organizing scientific programs after consultation with the chairperson and secretary
- Providing updates on relevant and contemporary issues related to health research, as well as relevant contemporary literature to the committee.

Introduction and Background:

DERBI Foundation is not for profit section 8 company, a healthtech focused technology business hosted by the Dayananda Sagar Institutions and is recognized and supported by Department of Science & technology, Ministry of Electronics & IT and Invest India from Government of India and Karnataka Innovation Society, Government of Karnataka. It supports healthcare startups across their business cycle, viz, from idea to commercialization through mentoring, go- to market strategies, pilot trials, prototyping support and grants and seed fund.

The Dayananda Sagar College of Dental Sciences is a part of the Dayananda Sagar Institutions located at Campus - 1, Kumaraswamy Layout Bangalore was begun in 1991 as an Institution that caters to all the Oral Health Care needs of patients and provides training to Under Graduate, Post-Graduate and Ph. D students and functions under the aegis of the prestigious Rajiv Gandhi University of Health Sciences, Bangalore, Karnataka. There are 9 sub-specialties of Dentistry out of which Post Graduation is being held at 7 specialties.

Now, in accordance to the mutual desire to promote and develop activities between two Institutions, namely DERBI Foundation and the Dayananda Sagar College of Dental Sciences and Hospital, we agree to the following statement of intent on technology and Research based educational training programme for the faculty and students in using the incubation Centre. This cooperation in specific areas may be designed by mutual consent and incorporated into specific additional agreements upon signature by the appropriate authorities of both the institutions.

1. The two said institutions agree to the following general areas of interest and cooperation:
 - a. Sharing technical infrastructure with regard to using the Incubation centre and R & D facilities at DERBI Foundation, Bengaluru.
 - b. Sharing of Intellectual expertise for skill oriented training of Faculty, under Graduate and postgraduate Students

PRINCIPAL

- c. Sharing of knowledge and promotion of skill based training in the field of Research and Development for the benefit of Post Graduate Students as well as per the existing University requirements.
 - d. Joint promotion of each other's' expertise and capabilities
 - e. Supporting innovators and startups in idea validation, pilot testing and clinical trials
2. The institution using the facility for training students at the Incubation Centre agree to pay the financial agreements necessary to implement this MoU or any subsequent agreement must be negotiated according to the regulation of the institution providing the facility.
3. **Both the Institutions recognize that:**
 - a. This MoU establishes a foundation of mutual understanding and interest and does not itself entail any financial obligations for either institutions.
 - b. This MoU will take effect from the date of its signing and shall be valid immediately.

This MoU is being signed on **18/10/2021** and will stand effective from this date onwards.

डिजाइन के पंजीकरण का प्रमाण पत्र | Certificate of Registration of Design

डिजाइन सं. / Design No. 418648-001
तारीख / Date 31/05/2024
पारस्परिकता तारीख / Reciprocity Date :
देश / Country

प्रमाणित किया जाता है कि संलग्न प्रति में वर्णित डिजाइन जो **AUTOMATED DENTAL RADIOGRAPH ANALYSIS SYSTEM FOR EARLY DETECTION OF CARIES AND PERIODONTAL DISEASE** से संबंधित है, का पंजीकरण, श्रेणी 24-01 में 1.Dr. Anagha Shete 2. Dr. Puneet Ahuja 3.Dr. Khushboo Rastogi 4.Dr. Harpreet Singh Chhabra 5.Dr. G. M. Sogi 6.Dr. Bennete Aloysius Fernandes 7.Dr. Abhishek Singh 8.Dr. Shilpi 9.Dr. Dharam M. Hinduja 10.Rakesh Kumar के नाम में उपर्युक्त संख्या और तारीख में कर लिया गया है।

Certified that the design of which a copy is annexed hereto has been registered as of the number and date given above in class 24-01 in respect of the application of such design to **AUTOMATED DENTAL RADIOGRAPH ANALYSIS SYSTEM FOR EARLY DETECTION OF CARIES AND PERIODONTAL DISEASE** in the name of 1.Dr. Anagha Shete 2. Dr. Puneet Ahuja 3.Dr. Khushboo Rastogi 4.Dr. Harpreet Singh Chhabra 5.Dr. G. M. Sogi 6.Dr. Bennete Aloysius Fernandes 7.Dr. Abhishek Singh 8.Dr. Shilpi 9.Dr. Dharam M. Hinduja 10.Rakesh Kumar.

डिजाइन अधिनियम, 2000 तथा डिजाइन नियम, 2001 के अन्वये प्रारम्भ के अनुसार।
In pursuance of and subject to the provisions of the Designs Act, 2000 and the Designs Rules, 2001.

जारी करने की तिथि : 18/07/2024
Date of Issue : 18/07/2024

प्रमुख पेटेंट डिजाइन और व्यापार चिह्न
Controller General of Patents, Designs and Trade Marks

प्रमाणित किया जाता है कि संलग्न प्रति में वर्णित डिजाइन जो **AUTOMATED DENTAL RADIOGRAPH ANALYSIS SYSTEM FOR EARLY DETECTION OF CARIES AND PERIODONTAL DISEASE** से संबंधित है, का पंजीकरण, श्रेणी 24-01 में 1.Dr. Anagha Shete 2. Dr. Puneet Ahuja 3.Dr. Khushboo Rastogi 4.Dr. Harpreet Singh Chhabra 5.Dr. G. M. Sogi 6.Dr. Bennete Aloysius Fernandes 7.Dr. Abhishek Singh 8.Dr. Shilpi 9.Dr. Dharam M. Hinduja 10.Rakesh Kumar के नाम में उपर्युक्त संख्या और तारीख में कर लिया गया है।

The reciprocity date (if any) which has been allowed and the name of the country. Copyright in the design will subsist for ten years from the date of Registration, and may under the terms of the Act and Rules, be extended for a further period of five years. This Certificate is not for use in legal proceedings or for obtaining registration abroad.

(57) Abstract :
Temporomandibular joint disorder (TMDs) pain intensity has mostly been a subjective study of pain experienced by the patients. There are studies evaluating pain perception in TMD patients but limited literature is present quantifying the pain perception. It has been proposed that TMD may be a part of generalized pain condition. There is a need for a study investigating the general pain perception in TMD patients order to understand the underlying mechanism of TMD. The readings determined by algometer gives valuable proposition to adjust the dosage of analgesics before any treatment is initiated and also if any behavioural / psychosocial therapy needs to be provided. An algometer is used to measure the general pain pressure threshold (GPPT) at hypothenar region of healthy individuals and TMD patients three times. Mean T score was considered the GPPT of the subject. Upon analysis higher mean T score was recorded in healthy subjects compared to TMD subjects and the difference between them was found to be statistically significant ($P < 0.001$). The mean T score was higher in males compared to females but the difference between them was not statistically significant ($P > 0.05$). Temporomandibular disorders (TMD) tend to exhibit a lower pain threshold compared to those without the condition. This paper aids in providing a framework for classification of TMD on the basis of readings of pain pressure threshold on algometer. The classification aims at categorizing the treatment modality for TMD based on the reading considering if any behavioural / psychosocial therapy needs to be provided.

(57) Abstract :
NOVEL-MINIATURE DIGITAL GAUGE FOR ANALYSING DENTOFORCE A method for this paper presents the design and development of a low cost and reliable maximal voluntary bite force measurement device which can be manufactured in-house by using an Arduino Nano and flexi force sensor with chief advantage of it being portable which can be delivered to the patient, store the readings in the SD card as well as OTA display of forces. The device has been designed for ease of fabrication, assembly, calibration, and safe use. The device is capable of use within an hour of commencing production, allowing for rapid prototyping/ modifications and practical implementation. The measured data shows a good linear relationship between the applied force and the electrical resistance of the sensor. The output signal has low drift, excellent repeatability, and a large measurable range of 0 to 800 N. A high signal-to-noise response to human bite forces was observed, indicating the high potential of the proposed sensor for human bite force measurement.

(57) Abstract :

Abstract The present invention discloses a method of treatment of periodontitis using a topical gel formulation of flax seed extract. The invention also discloses the composition and method of preparation of the topical gel formulation of flax seed extract, method of application of topical gel formulation of flax seed extract for the treatment of periodontitis and the anti-microbial and clinical efficacy of topical gel formulation of flax seed extract.
