Dear Dr. Savitha

Greetings from Nigtingales Medical Trust.

We are pleased to block Monday, 20th March 2023 for the Dental Camp being Oral Health Day. However, the timings mentioned by you are 10am to 2pm. We are wondering if you can screen 100 elders in the stipulated time? Hope you can extend the time till we complete the screening. You had also mentioned about doing the filling and minor procedures for our elders too. Kindly confirm. We will arrange tea and lunch for 15 Doctors and 5 Auxiliary staff from our side. Technically, as requested by you, we will give you 2 power sources of 15 amp. Do let us know if you require anything else to be arranged from our end.

Thankyou,

Namaste Dr Hemanth Ji,

I hope this email finds you in good health.

My name is Vinayaka Shastri, and I am the Program Manager at **Youth for Seva / Doctors for Seva**. During the month of March 2023, we had planned along with your "Public Health Dentistry" department to setup a dental screening camp at Hanur and nearby villages but, due to assembly elections and code of conduct released by Election Commission, we could not carry out the same.

Now that the circumstances are favourable, we request your college to consider setting up Community Dental Screening Camp in Hanur between 11th Oct 23 to 14th Oct 23.

Dental health is a major concern in India, with over 90% of the population suffering from some form of dental disease. This is especially true in rural areas like Hanur, where access to dental care is limited.

A community dental screening camp would provide free dental checkups and treatment to the people of Hanur. This would help to identify and address dental problems early on, preventing them from becoming more serious and expensive to treat.

Your college has a long history of serving the community, and your dental faculty are one of the best in the state.

I would be grateful if you would consider providing the following support for the camp:

- Volunteers from the college dental faculty and students to conduct dental checkups and provide treatment.
- Equipment and supplies for the camp.

Publicity for the camp to ensure that the people of Hanur and surrounding villages are aware of it shall be taken care by us. We will also host the entire team for the smooth functioning of the camp.

I am also attaching a formal letter for your administrative purposes.

21/9/23

Thank you for your time and consideration.

Sincerely,

Thanks & Regards,

Vinayaka Shastri | Program Manager – Doctors for Seva

Respected Sir,

SUB: Setting up a Community Dental Screening Camp at Hanur

I am writing to request your assistance in setting up a community health camp in Hanur, Chamaraajanagar District. I believe that providing free dental check-ups and treatment to the underprivileged and rural population of Hanur Taluk would be of great benefit to the people.

I understand that your college is known for its excellent dental care services and experienced staff. Therefore, I am requesting that you consider setting up a community health camp in Hanur, where individuals who may not have access to regular dental care can receive treatment and check-ups. The tentative dates can be between 11-Oct-23 to 14-Oct-23 depending on the availability of your staff.

I believe that such a health camp will not only benefit the community, but it will also provide an excellent opportunity for your college's dental students to gain practical experience and knowledge of community dental care.

I would be grateful if you could provide me with information regarding the feasibility and requirements for setting up such a camp. Youth For Seva / Doctors For Seva team will be on site to assist your team to help and make this initiative a success.

Thank you for your attention to this matter, and I look forward to hearing back from you soon.

Sincerely,

Vinayaka Shastri

I am writing to express my deep appreciation and gratitude for the exceptional work conducted by **Dayananda Sagar College of Dental Sciences** in association with **Doctors For Seva** during the recent community dental camp at MM Hills conducted on 13th Oct 2023.

The commitment and dedication displayed by **Dayananda Sagar College of Dental Sciences**, in collaboration with **Doctors For Seva**, were evident throughout the entire process of planning, organizing, and executing the community dental camp.
