Annexure – I

The Department of Conservative Dentistry and Endodontics conducted a CDE program, Lecture and Demo on "3 SHAPE TRIO" on 07-03-2023 for the Post graduates and Staff members.

At the inauguration, the Principal emphasised on the importance of Digitization in dentistry. The speaker Mr Aravind, Unicorn Denmart clinically demonstrated the 3 Shape Trios scanner and software. The upper and lower arches of a volunteering patient were scanner and subjected to digital smile designing. The other features of the equipment such as scanning diagnostic casts, addition of patient photographs and digital smile designing were also discussed. All the participants found the lecture and demo very informative and had a lot to learn from this program. The Principal presented a token of appreciation to the speaker at the end of the program. Certificates of participation were distributed and feedback collected from the participants.

The field of implant dentistry education is rapidly evolving with advances in technologies and this has changed the way that dentistry is practiced. As every year Advanced Surgical module Comprehensive Implant was conducted for the outgoing batch interns and 1st year postgraduates in Oral surgery, Periodontics, Prosthodontics and Oral Medicine. There was a total of 35 interns, 7 pgs and 3 faculty who registered for the workshop conducted on 16th October 2023.

The resource person was warmly welcomed by Dr. Shobha ES with a Tulsi sapling. The Resources person gave an informative guest lecture on the topic "All on 4 dental implants". Tilted concepts of implants were well explained.

Live demonstration of all on 4 surgical placements of implants for edentulous mouth was shown. Every step was explained by teleconferencing which helped students to gain confidence. This was followed by group interaction where he cleared all doubts and queries.

The day ended with valedictory function, where Principal spoke that implants are the need of the hour. The Principal then Handed over the memento to the resource person. Certificates were distributed to all delegates. The entire team posed for a group photo.

The field of implant dentistry education is rapidly evolving as new technologies permit innovative methods to teach the fundamentals of implant dentistry. Advances in technologies that are changing the way that dentistry is practised. As every year Surgical module Comprehensive Implant is conducted for the outgoing batch interns and 1st year Postgraduates in Oral surgery, Periodontics, Prosthodontics and Oral Medicine.

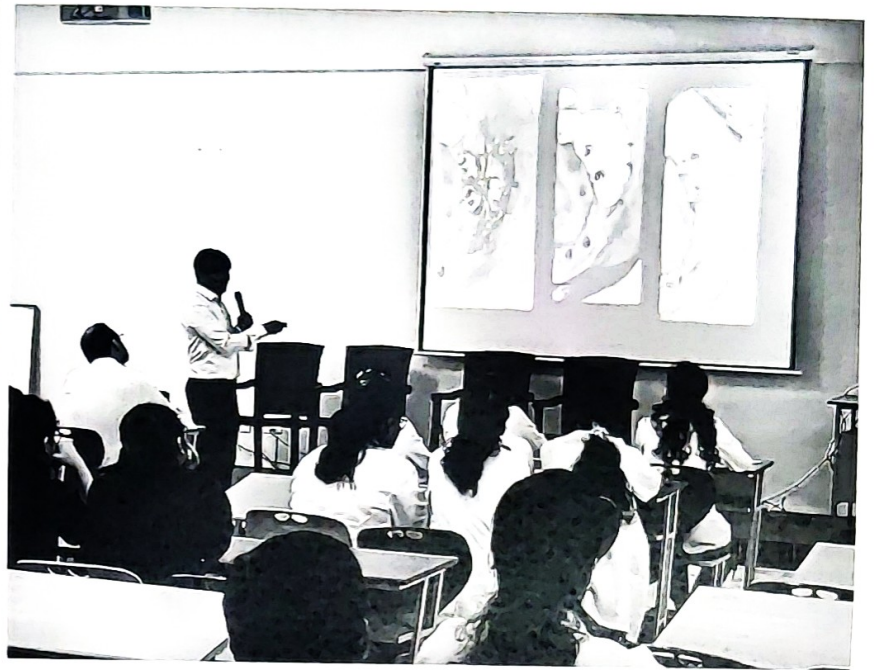

On day 1, Dr. Mahantesha delivered a guest lecture on “Issue of Soft tissue in Implant dentistry”. Live demonstration of surgical placement of implant was shown. This was followed by implant placement by post graduate students. The resource person guided them in every step which helped them to gain confidence. This was followed by group interaction where he cleared every doubt. In the end group photo was taken.

On day 2, Dr. Vinay V Kumar delivered a lecture on “Evidence based Implant dentistry”. Live demonstration of implant placement and direct sinus lift technique was shown. Later Live implant surgeries on patients by the delegates supervision of resource person was carried out. A total ofimplants were placed in this module.

Both the resource persons shared their immense clinical experience with our delegates that help them in their implant training program. The day ended with interaction, valedictory function , handing over the mementos to the resource person and a group photo.

Basic Lectures:

A series of didactic Basic lecture was delivered to registered faculty, Postgraduate students and Interns on 10 /06/2022 and 12/6/2023 from 9:15 am and 1:00 pm in lecture hall 1 preclinical block, DSCDS. The orientation and introduction to the module, followed by series of didactic lectures for two days was delivered by in house speakers. The students were given implant manual and were made to give MCQ test before proceeding to next module.

Live Demonstration on Sterilization and Disinfection Protocol:

Live Demonstration on Sterilization and Disinfection Protocol for delegates was given in Department of Oral and Maxillofacial Surgery, DSCDS on 10/06/2023 after the lecture session.

Surgical Stent Fabrication:

On the second day 12/06/2023, Surgical Stent Fabrication (Demonstration and Hands on) was conducted in third floor in preclinical block. Model was given to all delegates on that wax block out was done and separating media applied and clear acrylic surgical stent fabrication was done.

Hands on workshop on Implant planning in CBCT:

CBCT Hands-On Workshop was conducted as a part of the Comprehensive Implant Workshop on 15th June 2023 between from 10:30 am to 1:00 PM. The resource person for the workshop was Dr. Shubhashini AR Associate Professor, Department of Oral Medicine and Radiology, K.L.E Institute of Dental Sciences, Bengaluru. She presented lecture on Working Principles of CBCT, Anatomy and pathology in CBCT Interpretation and reporting CBCT. This was followed by hands on demonstration and workshop on implant planning in CBCT by the delegates. Implant planning in two software ie CS3D and NNT were demonstrated.

Incision and suturing:

The demonstration of incision and suturing was given to the delegates who were divided into two batches. Batch 1 was given on 19/6/2023 and batch 2 was given on 20/6/2023 followed by hands on by delegates.

Hands on workshop for implant placement on dummy mandible:

The aim of this workshop was to provide insights in the innovation in Laser dentistry and use of Blue laser wavelength. Hence the departments of Oral Medicine-Radiology and Periodontology of our institution organized a lecture and Hands-on workshop in association with NOVOLASE technologies India. Group Pharmaceuticals Ltd was the principal collaborator of this workshop. The workshop being held on 26th June 2023 with the Guest Speaker Dr Chandrashekar Yavagal.

Chief guests of the program were Dr Ranganath V, Principal of AECS Maruti dental college and Dr Sachin Manglekar, CEO Novolase. Other invited dignitaries were Dr Girish Giraddi, Dr Shivaprasad and few others. After a warm welcome to all the dignitaries, the guest speaker was introduced by Dr Sravani K (Faculty). The speaker delivered a sensational talk on Blue Laser wavelength, Red and Infrared lasers and its applications in the various fields of dentistry. The lecture was followed by a brief inauguration ceremony with the invited guests. Further, the first launch of the 'Blue laser' unit from Novolase was done by the dignitaries on the dais.

The live demonstration and workshop were carried out in the Dept of Oral and Maxillofacial surgery. The speaker demonstrated a case of Temporomandibular joint disorder with clicking, on a patient using a combination of Blue wavelength and infrared rays. Later management of Bruxism induced dentine hypersensitivity case was shown with the use of Blue wavelength. Post lunch the demonstration of the utility of the Novolase Unit was shown. The delegates underwent hands-on course on the disinfection of root canal, placement of incisions and tooth whitening. An interactive session was also held by the speaker where a discussion was held with the delegates. Lastly feedback was taken through Google forms.

NATIONAL TRAINING PROGRAM IN CLEFT AND CRANIOFACIAL ORTHODONTICS

3RD AND 4TH AUGUST 2023

**NATIONAL TRAINING PROGRAM IN CLEFT AND CRANIOFACIAL
ORTHODONTICS**

The Department of orthodontics ,DSCDS in association with the Indian Orthodontic Society and Bangalore Orthodontic Study Group conducted a three days National training program in cleft and craniofacial orthodontics from 3rd -5 th august 2023.

The program consisted of a number of keynote speakers and guest lectures by renowned national and international speakers. The program had a huge turnout with around 350 delegates from all over the country registering for this program.

The national training program mainly focused on the treatment of patients having cleft lip and palate and other craniofacial anomalies. The incidence of cleft lip and palate varies by geographical region and population. Such anomalies often present as emotional social and psychological burden to both the parents and the affected child.

The treatment involves extensive care from a few days old infant upto early adult life. The treatment improves the child's ability to eat, speak and breathe properly. Early intervention can prevent speech and dental issues as the child grows . Additionally, addressing the cleft can boost the child's self-esteem and overall quality of life. Medical and surgical interventions, along with speech therapy and ongoing care, play a significant role in ensuring positive outcomes for individuals with cleft lip and palate.

The first day of the conference commenced with a paper/poster/ quiz competitions and many student post graduate delegates participated in the event followed by Hand on workshop focussed on impression taking and fabrication of NAM appliances. The hands on workshop was conducted

ANNEXURE -1

Department of Periodontology from Dayananda Sagar college of Dental Sciences has signed an MoU with Curaden, Switzerland for exchange of knowledge and skill programs. Hence a lecture and Hands-on training on ITOP- individually trained oral prophylaxis was conducted on 7/11/2023 which is also observed as "National Brushing day".

The program commenced with an Inauguration and welcoming the resource persons Dr Kishore Hadal and Dr Ashwin PS, Our beloved Principal Dr Hemanth M and Dr Savita AM- Associate PG dean. Dr Jisha introduced the the speaker Dr Kishore Hadal, Head of Education- Curaden India.

The speaker presented an informative lecture based on itop philosophy and emphasised on the importance of personalised oral hygiene maintenance tips. This was followed by Hands-on training program on individually trained oral prophylaxis carried out in the department of Periodontology. Dr Ashwin PS, who is also a registered itop trainer was also present. Both doctors gave an exclusive training on brushing, flossing and interdental cleaning methods. The staff, post graduates and interns posted in the department were present for the training. The resource persons demonstrated the different tools available for oral hygiene and provided individually trained prophylaxis products which lead to the preservation of oral health.

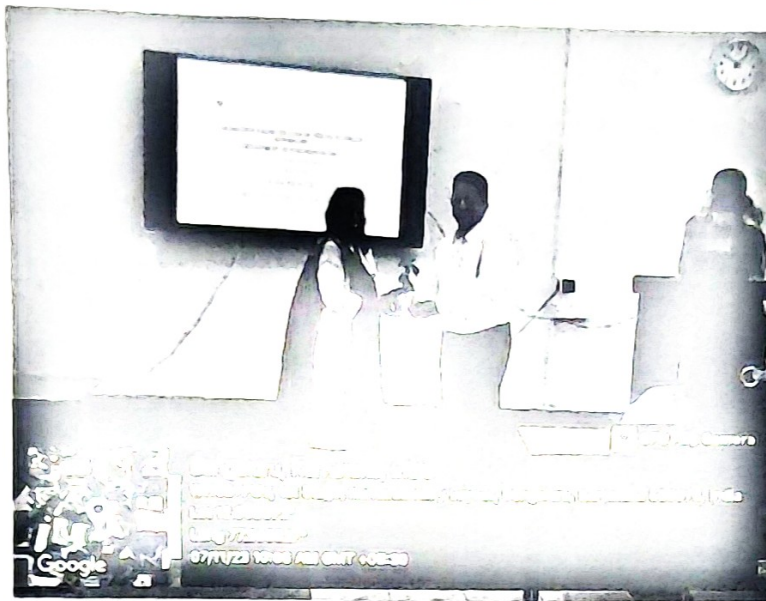

The program was well appreciated by everyone and ended with a group photo with the speakers. A day well spent by the periodontology team.

The library advisory committee of Dayananda Sagar College of Dental Sciences organized a HELINET consortium: EBSCO database training for the faculty and post graduate students.

The event commenced with a warm welcome extended by Mr. Narasimha Murthy AV, the member secretary of library advisory committee, he graciously introduced the guest speaker Mr. M S Srinivasa and a Tulsi sapling was handed over to the speaker by Dr Savita AM, Associate Dean PG and Professor and Head of the department of Periodontology.

The speaker gave a brief lecture and also conducted a workshop on the EBSCO resources in HELINET, demonstrated the login procedure for EBSCO through the website <https://rguhs.remotlog.com/>. The username and password were shared to everyone. He showed the various features present in EBSCO for easy search of the dental collection, including the search for images.

The training session witnessed active participation from enthusiastic post graduates and staff members, all eager to enhance their understanding of EBSCO's dental resources. Furthermore, an online feedback mechanism was taken to gather valuable insights from the attendees, ensuring continual improvement for future sessions. e-certificates were sent to all the participants through their mail id's, recognizing their attendance and engagement during the session. At the end of the session, as a token of appreciation memento was handed over to the speaker by Dr. Savita AM and Dr. Ramnarayan BK Associate Dean Admin, acknowledging his valuable insights.

Overall, the EBSCO Dental Collection Training Session proved to be an enlightening experience, providing attendees with a deeper understanding of dental e-resources and research tools offered by EBSCO. The support and active involvement of both the speaker and the attendees contributed to the success of this informative session.

REPORT

BLS INSTRUCTOR TRAINING PROGRAM		
Sl No	Event Particulars	Details
1	Date	18-01-2024 to 19-01-2024
2	Venue	Lecture hall 1 , Heritage building
3	Time	8.30 am – 4.30 pm
4	Resource person	Mrs Asha, Dr Soumya and team
5	Other dignitaries	Dr Hemanth M, Principal
6	Number of attendees	24
7	Photos	Annexure I
8	Name and signature of coordinating faculty	Dr. Shobha E S (Prof & HOD Department of Implantology) Dr. Ambili C (DET Member secretary)
9	Signature and seal of principal	 PRINCIPAL Dayananda Sagar College of Dental Sciences Kumaraswamy Layout, Bengaluru - 560 078.

Dayananda Sagar College of Dental Sciences along with JeevaRaksha (RGUHS JeevaRaksha Trust) conducted basic emergency care and life support (BCLS) program on 18/01/2024 (Thursday) and 19/01/2024 (Friday) from 8.30am to 5.30pm at lecture hall 1 for the faculty/Postgraduates to make them trainers for BCLS.

The program was conducted by Mrs Asha and team JeevaRaksha(RGUHS JeevaRaksha Trust)

The program was attended by 24 participants. Dr Hemanth addressed the gathering. The program began with the introductory talk by Mrs Asha and followed by other team members.

PRINCIPAL
Dayananda Sagar College of Dental Sciences
Kumaraswamy Layout,
Bengaluru - 560 078.

The training course aims to provide knowledge, attitude, and skills in handling emergency situations, hence saving lives of those endangered, not only at the facility level, but also in the participants respective residences as well. The trained personnel and community members will automatically serve as first responders to administer BLS Care until a more advanced medical care is made available.

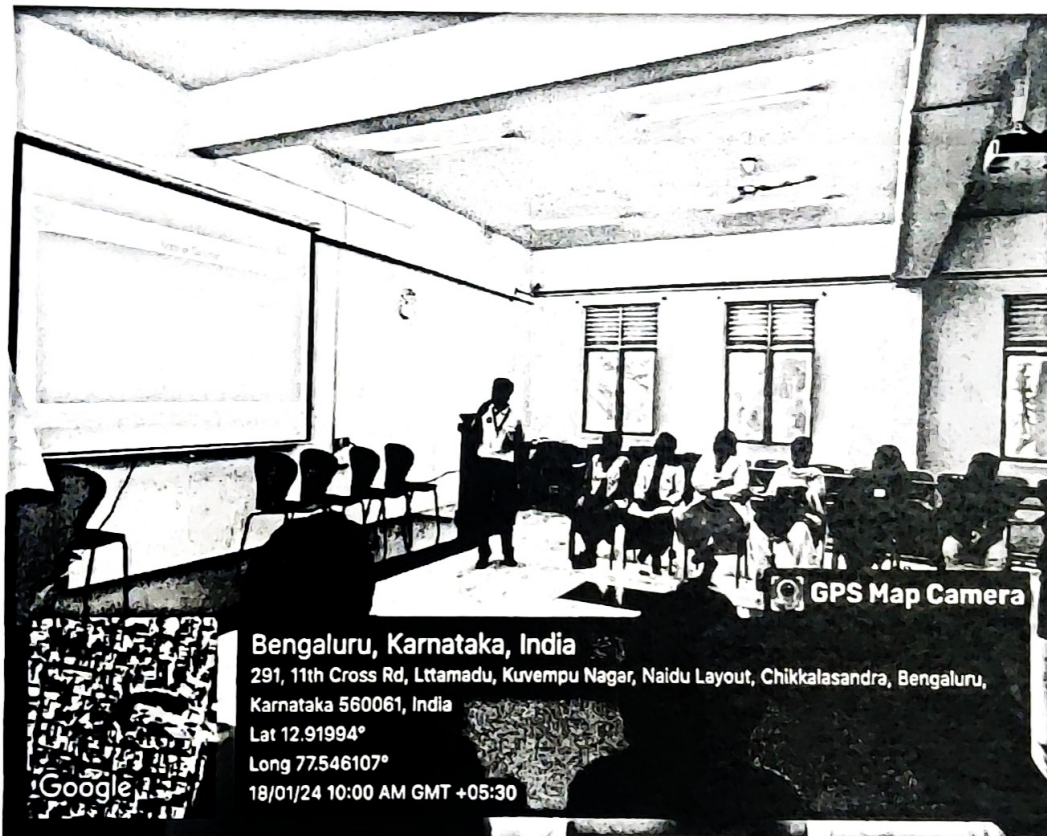

The participants were divided into multiple teams and teams had both theory and practical sessions on Pediatric and adult mannequins. Emergency management for foreign body removal for infants, children and adults, burns, snake bites etc were addressed.. A pre-test was given in the first day and post-test was given in the final day and the results had improved in the post test. This signifies significant learning, knowledge and comprehension from participants of the said training. 100% passed the skills tests in demonstrations that cover CPR for infant and adult mannequins.

Evaluation tool is rated from 1-5; 1 strongly disagree, 2 disagree, 3 neither, 4 agree, 5 strongly agree. Generally, participants agreed that preparation was given enough time, content and delivery were sufficient and speakers were knowledgeable enough.

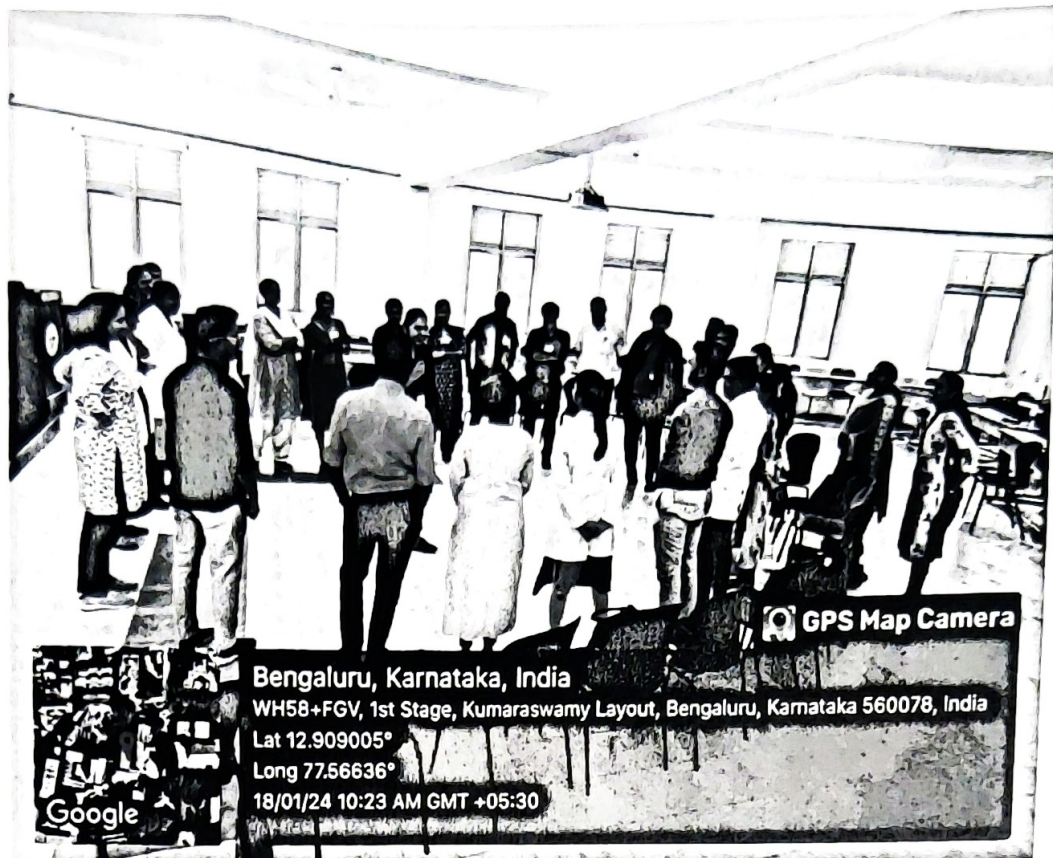

Feedback was obtained from the participants and they assured that they shall utilize the skill gained whenever and wherever needed in the clinical setting and they also addressed that the programme was highly beneficial to the participants.

The Department of Conservative Dentistry and Endodontics in association with the committee of Dental Education Technology conducted a CDE program, Lecture and Demo on "Vital tooth bleaching on 10-02-2024 for the Interns batch (2023-2024), interested PGs and faculty.

At the inauguration, the Principal spoke about importance of vital tooth bleaching. The speaker Dr Dharam Hinduja, had a lively interaction with the students during the lecture which ended in a short QnA session. It was followed by a clinical demonstration on vital tooth bleaching in the Department of Conservative Dentistry and Endodontics. Other materials and techniques of tooth bleaching were also discussed during the demo. Students were very much captivated and had a lot to learn from this program. The Principal presented a token of appreciation to the speaker at the end of the program. Certificates of participation were distributed and feedback was collected from all the participants.

COMPREHENSIVE IMPLANT WORKSHOP 2024

INTRODUCTION

Dayananda Sagar College of Dental Sciences recognizes the need for our students and faculty to periodically upgrade their skills. One such area is in the field of Dental implants. The institution will be conducting a comprehensive implant workshop every year for our students. This will be a multi-system implant course conducted by the college and is a comprehensive course for the participant wishing to have an implant practice. It is a requirement for the practicing Dental surgeon to have a specific training in the field, to have a thorough knowledge and to develop a promising career in the field of implant dentistry. Participants will be given a one to one training with live clinical demonstrations as well as a hands-on clinical experience to treat their patients under supervision.

GOALS

The goal of this program is to make our faculty and students competent in the field of Dental Implantology and to help them upgrade their skills and knowledge in this advancing field.

OBJECTIVES

The comprehensive implant workshop is designed to offer the participants a systematic learning approach to implant dentistry, by taking learners through a basic step-by-step learning experience right from didactic lectures to actual surgical placement of prosthetic rehabilitation procedures in Dayananda Sagar College of Dental Sciences under one-to-one guidance.

PRINCIPAL

Dayananda Sagar College of Dental Sciences
Kumaraswamy Layout,
Bangalore 560 078.

1. Completion of this course, the participants should be able to know:
 1. The basic principles & clinical sciences of Implantology.
 2. Have thorough knowledge of the history, clinical & radiographic diagnosis, treatment planning.
 3. Basic & advanced surgical protocol with a satisfactory degree of skill and confidence to practice standard implant placement.
 4. Prosthetic management.
 5. Maintenance phase in Implantology.
 6. Practical tips on how to avoid common mistakes and common failures in Implantology.

COMPREHENSIVE IMPLANT WORKSHOP 2024

Implant Training Highlights

Module 1 - Pre-clinical Module

The course intends the trainee to have a thorough knowledge of the anatomical, radiological and clinical aspects as well as assessment of the patient before the clinical training program and includes

1. Didactic lecture sessions - 22nd & 23rd May 2024
2. Preparation of patient prior to surgery (Sterilization & Protocols) - 22nd May 2024
3. Preparation of surgical stents on models - 23rd May 2024
4. CBCT Workshop & Demonstration - 29th May 2024
5. Incision & Suture Demonstration - 3rd, 4th & 5th June 2024

Module 2 - Surgical Module

Includes:

1. Hands on training on Implant Placement on Dummy Mandible and Impression taking - 7th & 8th June 2024
2. Implant Placement on Patients - 12th & 13th June 2024 (tentative)

Module 3 - Prosthetic Module

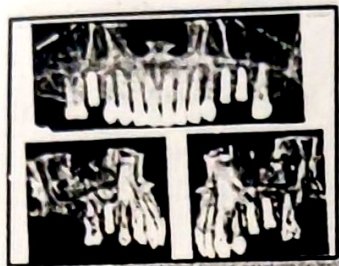

Identifying various prosthetic components, performing different impression techniques on patients and cast preparation - 20th June 2024 (tentative)

Module 4 - Advanced Techniques Therapy

Advanced surgical implant procedures and implant maintenance with live demonstration - 27th June 2024 (tentative)

Meet the faculty:

Dr. Amruta Dash (Perio)
Workshop Faculty

Dr Amruta Dash specializes in Periodontology and Implantology. She has graduated with the bachelor's degree in dental surgery from Meenakshi Ammal dental college and completed her post-graduation in periodontology and implantology from the reputed Sri Ramachandra dental college, Chennai. She is also a member of the European Federation of Periodontology and the Indian Society of Periodontology. She has also received her fellowship degree in oral implantology (FICOI) from the international congress of oral implantology (USA). She is one of the very few implantologists to have received the Diplomate from the ICOI(USA). She keeps updating her knowledge and skills, in the field of implant and laser dentistry and has also attended various courses held by the ICOI at Singapore and by the European federation held in London. She believes that restoring periodontal health requires a perfect amalgamation of conventional perio practice and incorporation of recent advancements like dental implants and laser dentistry.

Annexure – I

The department of Periodontology of DSCDS institution organized a CDE and Hands-on workshop in association with Geistlich, India on 11th June 2024. The aim of this workshop was to provide insights in the innovation in Regenerative materials and techniques for bone augmentation. The participants for this program were the post graduate students, faculty members, private practitioners and interns of other dental colleges of Bangalore and the host college.

A warm welcome was extended to all delegates by Dr V Pranavi followed by introduction of the guest speaker, Dr Amruta. A powerful and skill based presentation was given by the speaker on various regenerative materials, techniques and their applications in various periodontal and implant surgical procedures, also aiding to choose appropriate techniques with materials. In conjunction with the lecture, a brief inauguration ceremony was held with the invited guests. To invoke the blessing from the Almighty, Dr Tanushri, intern sang invocation song. Dr Archana Naik Reader, welcomed the dignitaries and the Guest speaker and all the delegates. Dr Amrutha was welcomed. Dr Savita AM, also addressed the gathering. A plaque was handed over to the speaker as token of appreciation.

The workshop was carried out in the designated six stations in the practical hall. Firstly, the demonstration was shown on silicon model using an ice-cream cone technique and sandwich technique of socket preservation. Later different incisions and guided bone regeneration techniques for ridge augmentation was shown on goat jaws. The delegates practiced the various techniques including suturing methods. All the armamentarium and the necessary materials were provided to the delegates by the department with the support of the Geistlich company. An interactive session was also held by the speaker with the delegates. In the end certificates were distributed to the participants of the workshop. After having a good lunch, a group photo was also taken. Lastly feedback was taken through Googleforms.

ANNEXURE-1

The aim of this program was to provide awareness on fire safety measures and actions to be taken in case of any fire accident at the work place. Hence, the fire department in association with Internal Quality Assessment Cell(IQAC) of Dayananda Sagar College of Dental Sciences conducted fire safety drill and hands on training session for the staff on usage and handling of Fire extinguishers.

The resource person was Mr. Srinivas Murthy, Fire and safety officer of Dayananda Sagar institutions in association with the facility department manager Mr Sam. Dr. Archana Naik, Dept. of Periodontology introduced the guest and welcomed the audience. The Resource person explained the usage of different types of fire extinguishers, based on the type of fire accident. This was followed by the drill demonstrating the safety measures to be followed while evacuation of from the accident site and rescuing adults, children, pregnant women, physically challenged person thus avoiding injuries and exposure to fumes with available safety.

The live demonstration and hands on training session were carried out beside Dental Clinical Block, Building no.25, Campus 1 of Dayananda Sagar Institutions. All the faculty members performed hands-on training using different types of fire extinguishers An interactive session was also held by the resource person for the identification of different type of extinguishers on the type of cause of fire involved. Overall the session was helpful for the participants on creating awareness on fire safety and usage of fire extinguishers.

A two day faculty development program on "SAMSHODHANA 2024 – WORKSHOP ON RESEARCH METHODOLOGY AND BIOSTATISTICS" was organized by Dental Education Technology committee, Dayananda Sagar College of Dental Sciences on 22/07/2024 (Monday) and 23/07/2024 (Tuesday) from 9 am to 4 pm at Centre for Innovative Learning (CIL), 4th floor CD Sagar building, DSI.

The training course aims to provide knowledge, attitude, concepts and methods in collecting analysing and interpreting data in research methodology and biostatistics.

A formal inauguration was conducted on 22/07/2024 (9.30 – 10.00 am) with blessings from almighty and invocation song by intern Thanushree. Dr. Hemanth M, Principal, addressed the gathering followed by a talk by master trainer Dr. Gangaboraiah. Principal addressed the participants and highlighted the importance of research methodology and biostatistics to level up the participants interest on research activities

The participants were divided in to multiple teams for group activities A pre-test was given in the first day and post-test was given in the final day and significant leap in the results were observed. The module adopted activity based learning and two way communication. Feedback was obtained from the participants and they assured that they shall utilize the skill gained whenever and wherever needed and they also addressed that the programme was highly beneficial to the participants.

The Department of Conservative Dentistry and Endodontics in association with the committee of Dental Education & Technology, Dayananda Sagar College of Dental Sciences conducted a CDE program **"RETREATODONTICS - Lecture, Demo and Hands-on"** on 05-08-2024 for the Interns, Post-graduates and Faculty at CD Sagar auditorium, DSI

A formal inauguration was conducted, Head of the Department Dr. Vedavathi. B welcomed the gathering and introduced the dignitaries on the Dias. Principal Dr. Hemanth. M addressed the importance of Retreatment in endodontics to boost the participants interest in this program. ACE Karnataka former Founder - President Dr. Roopa Nadig graced the occasion and threw light upon the Tips and tricks and relevance of the topic in present day scenario in endodontics. Heads of the department in Endodontics from various colleges across Bengaluru also attended the Programme. The speaker Dr. Narasimhan Bharadwaj had a lively interaction with the students during the lecture which ended in a short Question and answer session. The program was hosted and vote of thanks given by Reader Dr. Ranjini. M. It was followed by a clinical demonstration on an extracted tooth in the auditorium followed by lunch for participants and faculty. Post lunch, there was hand-on session conducted for registered participants in seminar hall, Department of orthodontics. The hands on session was very efficient and effective. The Principal presented a token of appreciation to the speaker at the end of the program. Certificates of participation were distributed and feedback was obtained from the participants and they assured that they shall utilize the skill gained whenever and wherever needed and they also addressed that the programme was highly beneficial to the participants.
